SINOPSIS High School could be hell. Cam knows what it's like to be haunted. He spent more time in hell than any angel should. And the latest hell in high school, where Lilith the girl can't stop loving, serves up punishment for her sins. Cam made a bet with Lucifer: he had 15 days to convince the only girl who really mattered to him to love her again. If she succeeds, Lilith will be returned to the world and they can live their lives together. But if he fails... There's a special place in hell just for him. Personal opinion How cute they are, Mother! As soon as I finished the First Curse, I knew I had to start this book. I searched everywhere until I realized it wasn't in Spanish, and that's when I decided to go on an adventure and read it in its original language, and I loved it! I couldn't stop reading and I flew, I was completely submerged in its pages and I didn't know anything about what was going on around me. The book seemed dynamic and agile from the start, Lauren Kate didn't stop much in her approach and immediately gave way to action. The plot is very interesting: 15 days to regain the love that burns in hell because you are. Is that possible? Cam is a character that I've really liked in previous books, even if he was a supporting character, so I couldn't let go of this book without reading it. Although here we see another aspect of him, he is a character that I love and that I find very gentle. Lilith, the co-star, seemed to me a very defined character who would face the fears that we all often live in, and that on top of that just counts Bruce, his brother, since everyone else seems to hate him. Bruce has earned his sympathy since his first appearance, and one of the reasons Cam is a little closer to Lilith, so thank you Bruce! The plot is surrounded by an empty and sinister environment, which makes the characters and main plot stand out more and the focus is more on them. It's certainly a reader that I highly recommended, I loved how Cam and Lilith's relationship is built, not instalove, and more development than most couples in love stories. And above all, Cam's power to fight all of Luc's traps. If you liked Cam's dark saga, you won't miss this book! SCORE 05 Unforgiven / The Return of the Fallen Cam knows what it's like to be punished. No angel has descended into hell as many times as he has, and the new condemnation he's experiencing is to return to high school and become Lilith's classmate, the young woman he always falls in love with and who purifies the condemnation of his crimes. To save him, Cam's betting with Lucifer: he's got two weeks. that she'll fall in love with him one more time. If she succeeds, Lilith will be back in the world and living happily with Cam. If it doesn't work, Cam will be sent to a very exclusive place designed by Lucifer. We're running out of time. I like that books have two options: either click on where it says: like it and consider that book link, or search for the author of the blog directory, which is available by clicking on the photo library of each book in the library, order of author.
