## From the Editor

I hope none of our members have suffered from the dreadful weather we have been experiencing and by that I mean flooding and wind damage. I

have been checking my workshop on a regular basis to make sure there is no loose roof felt flapping in the wind. It did happen some years ago but I was lucky and there was no water damage.

Another bad news item is the Corona virus. I have just got over a cold and have been nowhere near china or anyone who has contracted the disease so I just dosed myself up with a cure my wife always used to give me when I started to cough, sneeze and splutter.

In a tumbler squeeze the juice of half a lemon, add two teaspoons of honey, fill halfway with hot water, dissolve two Codis tablets in the water and top up with whisky. Drink up as quickly as possible. The lemon juice and honey was for a sore throat. The codis was for the aching head and the whisky was to put a smile on your face. Does it work? Well the jury is still out on that one but my cold took three weeks to shake off.

My wife never did find a cure for my passion for woodturning thank goodness, she put up with my turned pieces littering the house even though it was she who did the dusting.

Graham

## Chairman's Jottings

To start off, I'd like to hope all our members have had a good start to the new year.

I'd like to say we had a brilliant turn out of members to the demo by Pete Moncrieff-Jury. If we could have this amount of support for all our demo's I'd be thrilled. The next one being at Shilton on the 5th March. The demonstrator will be Wolfgang Shultz-Zachau, a new man to our shows and I believe a brilliant demonstrator.

Brian Edwards

Our first meeting at Coombe this year will be on 21st March and Gerry Marlow will be demonstrating so hopefully a lot of you can attend. When using the car park, if the barrier doesn't automatically go up then please take a ticket and have it registered in the visitor centre just before you leave.

A price list will be available at the cafeteria for food you may require.

The wood sale which should have taken place in February has been re-arranged and will take place on Saturday 18th April.

The Daffodil Festival will take place on Sunday 29th March, so please anyone needing passes to get in to unload equipment please get in touch with Eric.

I'm happy to say the new bandsaw we purchased will be in the workshop midweek. Any member who requires assistance using this new item please ask any committee member.

I'm hoping that members are busy in their workshops making new items for sale and for the window display - please remember to put your name on said items.

I'd like volunteers to put themselves forward for the Festival of Crafts. Names to Jill on sub committee please. Help is always needed.

We also need bodies for the open days at Coombe. Your help would be invaluable.

Welcome to all our new members who have joined this year, we hope you use the club often.

Any ideas to make our open days more appealing to all, please send an email or letter to the committee and we will most certainly welcome this. Remember this is your club, we only act on your behalf.

Keep turning

*Brian*

————— oOo —————

### **Workshop Window Display**

We are appealing to members for items of work for display in the windows at the Coombe Workshop. Please put your name on the underside of your piece/s and bring them along on any day that the workshop is open. Thank you.

————— oOo —————

### **Results of the Monthly Workshop Raffle**

The 50/50 Club raffle sold 109 tickets = £54.50

Winning number is **436**. Drawn by a member of staff at Coombe.

Which means **£27.25** paid to the winner.

The club receives **£27.25**

————— oOo —————

*One Line Philosopher:*

No matter how much it hurts, failure today just shows you a challenge for tomorrow.

## **This Months Sponsor**

Axminster Tools and Machinery have been sponsoring this magazine almost from day one, and Coombe Abbey Woodturners are very grateful for that, and have in turn responded by helping out at the Nuneaton store to put on woodturning demonstrations from time to time.

It is very fortunate for our club to have a company on our doorstep stocking almost everything that a woodturner could wish for.

Please support our sponsor by buying your tools and accessories etc from them and don't forget to mention that their sponsorship of our Newsletter is greatly appreciated.

Editor

## **A Company Profile**

Axminster Tools & Machinery is based in East Devon and has been in the industry since 1972. With a website hosting over 14,000 products and eight stores throughout the UK, the company is a market leader for woodworking and woodturning tools, machinery, accessories and consumables. A lesser known fact is that Axminster also manufactures some of its tooling accessories, and these include products within the company's own woodturning ranges. Without doubt, Axminster is one of the most knowledgeable sources of woodturning products in the UK and Europe.

For more information visit [axminster.co.uk](http://axminster.co.uk).

## Precision Pro

Designed with pen makers in mind

Axminster Trade

**AT150PPL Precision Pro Lathe**

**£435.96** Inc.vat Code **508477**

Purposefully designed and built for those who turn pens and small projects, the Axminster Trade AT150PPL Precision Pro Lathe is compact and portable. Supplied with a unique pen mandrel, its level of accuracy makes it suitable for those producing work on a commercial scale.

- Cast iron build for smooth and vibration free running
- Spindle nose has an ER20 collet chuck integrated for accuracy
- Smooth, powerful brush type motor with spindle speeds 400-3,600rpm

### Aspire to be a **Scholar, Master** or **Professor** with our vast range of pen kits

**Scholar** – beginners can practice their turning skills yet still create beautiful end results

**Master** – for those who have mastered pen turning techniques and are moving to the next level

**Professor** – chosen by our woodturning experts for those extra special occasions

Browse the full range, from kits at affordable prices to attractive, charismatic kits great for producing in bulk and finally a premium range of superior quality products that will last a lifetime.

Warwickshire CV10 7RA Tel: **02476 011402**

Monday - Friday **8am - 5.30pm** and Saturday **9am - 5pm**

Price may be subject to change without notice.

## **We have a new Secretary**

Valerie Ansell

The club is pleased to welcome Valerie Ansell as Secretary of Coombe Abbey Woodturners. Valerie agreed to take over as secretary following the resignation of John Morgan from the post and as a committee member. John has agreed to carry on administering the club's website where we know he is doing a great job for the club.

Valerie is a relatively new member of this club having joined Coombe Abbey Woodturners on 5th November 2019.

I am sure everyone will join with me in welcoming Valerie and give her our full support.

## A Demonstration

By

### Pete Moncrieff-Jury

On Saturday 1st February 2020 at Walsgrave Baptist Church

*Report by Graham Ball*

*Pictures by John Martin-Law and Martin Hitchiner.*

The first demonstration of 2020 for Coombe Abbey woodturners was given by Pete Moncrieff-Jury who had decided that off centre turning was going to be his subject for the day long demonstration. Almost fifty members had gathered to see Pete's demo.

Almost fifty members gathered for this demo

He started by telling us he was going to attempt four pieces in the day, two of which would be off centre spindle turning and the other two would be faceplate work. Samples

Pete Moncrieff-Jury

Some turning has now taken place

The concentric marks on the glue chuck aids the positioning of the brooch

## **English Hardwoods**

**1st quality kiln dried British Timber**

Contact Nigel Fleckney

Geddington Sawmill, Grafton Road, Geddington. Northants NN14 1AJ

Tel: 07979 251497 [E-mail: nigelfleckney@yahoo.co.uk](mailto:nigelfleckney@yahoo.co.uk)

of these items were shown to us so we could understand what the finished item would look like.

Pete was joined today by his wife Mo, who was very talented in the art and craft of pyrography and colouring decoration of finished turnings so we had virtually two demonstrations going on at the same time as Mo busied herself with decorating a platter with ivy leaves, butterflies and assorted bugs.

Pete decided that he would start by making a brooch and the attached

A finished ornament complete with scarf pin.

pictures will help to show how he mounted this off centre to start the turning. Surprisingly for me Pete uses Hot melt Glue but emphasises that the glue must be very hot and pressed onto the glue chuck immediately and very hard holding it there for a few minutes until cooled a little. I think there were a few doubting Thomases in the room but Pete proved us all wrong when he used a fair amount of force to test that it would not come adrift whilst turning.

Next was an off centre bowl using a similar method of mounting to the last piece. Again the pictures will show the procedure followed.

These three pictures show the bowl in progress.

## **Focus Day with Record Power!**

27th March 2020

### **Record Power Focus Day: Bandsaws!**

#### **Join us for a Record Power FOCUS DAY!**

We will be focusing on the advanced features of the Record Power Bandsaws including the NEW RANGE of Sabre Bandsaws!

There will be the opportunity to see the machines in action, speak with Record Power's highly experienced and knowledgeable sales team & take advantage of some one-off deals!

These in-depth focus days are a great way to get more knowledge on the machinery & take advantage of some one-to-one time with experienced Record Power staff who can talk you through the full set-up & maintenance of the machines.

IN-STORE here at Yandles. 10 am-4 pm

Yandles.co.uk. Hurst Works, Martock TA12 6JU

If you need to contact us its  
Yandles, Hurst Works, Martock TA12 6JU, 01935 822207  
(option 1 for the Woodworking and Timber Shop)  
or email . Sales@yandles.co.uk Website: Yandles.co.uk

On the right is the bowl straight off the lathe and below some ideas of how it could be finished

Pete then went on to demonstrate some off centre spindle turning and the first piece was a candlestick or tea light holder

## THE MAIL ORDER ABRASIVE SPECIALISTS

Sanding needs as much care as construction and design. As much care needs to be taken in sanding as in the construction of a piece of work. A few minutes poor sanding technique can irreversibly destroy great craftsmanship and many hours work.

### THE ULTIMATE ABRASIVE! RB406 J.FLEX. TRIAL PACK

1M OF CLOTH IN EACH OF THE FOLLOWING GRITS.

P80, P120, P240 AND P320 **£14.75** INC VAT ORDER CODE **12806 RB406**

J.Flex is the best abrasive for every workshop. It's ideal for turning, woodworking and metal working. The distinctive blue abrasive with the yellow backing is the softest and most flexible abrasive we have ever discovered. The ultimate abrasive for all kinds of woodwork, especially sanding in acute areas. This cloth can be twisted and folded without grain dis-adhesion. Rolls are 100mm wide. **ALSO AVAILABLE BY THE METRE.**

### VELCRO-BACKED ROLLS.

TRIAL PACK 1M OF P100, P150, P240 AND P320 PLUS A SAMPLE STRIP OF VELCRO REPLACEMENT WITH PEEL OFF SELF ADHESIVE BACKING. **£14.75** INC VAT ORDER CODE 13159 ALSO AVAILABLE BY THE METRE. PLUS - IT PAYS TO BUY BIG.

WITH OUR BULK RATE PRICES YOU'LL SAVE MONEY ON THE GRITS YOU USE MOST.

Cut off any length to suit your own sanding application. Every workshop should have at least two or three grades of this to hand. Especially manufactured by Hermes abrasives for us. Ideal for those shop made sanding devices which you can now make to your own specification. Hook and loop, or velcro attachment does away with the unpleasant task of clamping the paper to the machine, allows rapid changing of the sheet and encourages the use of more grits extending the finish quality and life of the abrasive. Rolls are 115mm wide.

For your free catalogue call 01636 688888 or e-mail [sales@abrasivesplus.com](mailto:sales@abrasivesplus.com) or visit our on-line shop at [www.abrasivesplus.com](http://www.abrasivesplus.com) where all our products are featured and it's free carriage!

**CSM ABRASIVES PLUS UNIT 2 NORTHERN ROAD, NEWARK, NOTTINGHAMSHIRE, NG24 2EH**

In some cases when Pete wants to join different parts of a piece together he favours a 10mm spigot pushed into a 9mm hole when the wood is soft enough to do this. To speed the process of turning the spigot he has mounted a sharpened 10mm spanner and fixed it into a tool handle. (see picture).

**Left:** Quirky but fun. The candlestick/Tea light holder Pete turned today was based on this item.

**Right:** A few more of his off centre candlesticks.

We will now have a look at what Pete’s wife Mo was busying herself with whilst the woodturning demo was going on.

I think you will agree that Mo Moncrieff-Jury is a very talented individual.

From start ....

... to finish

## Calendar of Events

2020

March 5	Wolfgang Shultz-Zachau	Shilton
March 21	Gerry Marlow	Coombe Visitor Centre
April 16	Robin Barlow	Shilton
<b>June 6</b>	<b>Clem Ansell</b>	<b>Baptist Church</b>
September 3	Roger Gilbert	Shilton
October 1	TBA	Shilton
<b>October 24</b>	<b>Gary Rance</b>	<b>Baptist Church</b>
November 5	Peter Wood	Shilton
<b>December 5</b>	<b>Christmas Party</b>	<b>Baptist Church</b>

*All meetings in **bold** typeface are held in the Walsgrave Baptist Church, Hinckley Road, Coventry, CV2 2EX. 10am to 4.00pm. Others are as shown:-*

*Shilton Village Hall, Wood Lane, Shilton, CV7 9JZ (by the Sports Field)*

### **Please Note:**

Gerry Marlow's Demonstration which was to have been at Walsgrave Baptist Church on Saturday March 21st., has now been moved to Coombe Visitor Centre. If this proves to be successful the other meetings at Walsgrave may follow. Please check the calendar of events each month to see where the demonstrations will take place.

## **Tutors**

We need more people to teach woodturning on Sundays at the workshop. If you can spare either a morning or afternoon to teach then the committee would be very grateful. Please enquire by contacting any committee member who will be able to give you further information on the subject.

## NEXT MEETING

A Demonstration by Wolfgang Shultz-Zachau  
at

Shilton Village Hall On Thursday 5<sup>th</sup> March 2020

6.30pm to 9.00pm approx

Wolfgang was born in South Germany and has lived in many different parts of the world before finally settling to live in the West Midlands. Wolfgang is an IT professional and had a number of hobbies before being bitten by the woodturning bug. Wolfgang is a member of both the Black Country and West Midlands Woodturners.

He has a website at <http://www.fuzzyturns.org.uk>

## Coming Up in March

Gerry Marlow will be demonstrating on Saturday 21<sup>st</sup> March 10am to 4pm approx, in the Miller Suite located above our workshop at Coombe Abbey Visitor Centre. Gerry has been turning and demonstrating for over twenty years. As part of his demonstration he will show decoration using various jigs and fixtures. Hopefully we will also be introduced to ornamental turning on a Rose Engine.

"The management of Coombe Abbey are currently reviewing their car parking provision. As members of Coombe Abbey Woodturners we have **very generously** been given free parking when the workshop is open.

If you visit Coombe Abbey and the barrier does not automatically go up, collect a ticket, park and then just before you leave have it validated in the visitor centre. You will not have to pay on the days the workshop is open.

The visitor centre have a list of current members and I will keep them informed of changes.

If you visit Coombe Abbey on days when the workshop is not open you will have to pay to park.

If you have any issues with this please speak to Coombe Abbey committee member"

*Janine Brindley (Club Treasurer).*

Items of Members work placed on the gallery table.

# Introducing the Brand New Range of Woodturning Chucks and Jaws

We are extremely proud to introduce the brand new range of Record Power woodturning chucks and jaws. This exclusive new range has been developed using Record Power's extensive experience and knowledge of woodturning in conjunction with a group of highly experienced professional and hobby woodturners, to bring you the ultimate in quality, versatility and value.

## Precision Engineered Gears

Super Geared True-Lock™ technology ensures high levels of accuracy to provide smooth and solid operation.

## Jaw Fixing System

The SC3 and SC4 feature a jaw fixing which will not only fit the Record Power series of Jaws but is also fully compatible with Nova and Robert Sorby brand jaws.

## Heavy Duty Jaw Slides

The improved and enlarged jaw slides give unsurpassed holding power and load bearing ability. They are made from high tensile steel, reinforced with nickel and copper and heat-treated to ensure superior strength.

## Sealed Backing Plate with Full Indexing

The SC4 features a strong backing plate to protect the gear mechanism from dust and 72-point indexing around the full circumference.

**Brand New Exclusive Jaw Range**  
Fully compatible with Nova brand chucks

# INTRODUCING THE NEW REVOLUTION

The "revolution" is a completely new hollowing system from the world leaders in fine turning tools. From its beautifully weighted handle to its cryogenically treated cutting tips the "revolution" is designed to be the finest hollowing tool on the market.

The modular articulated design allows the woodturner the freedom and flexibility to configure the tool for any situation. From straight vases to heavily undercut hollow forms the "revolution" has it covered.

At the heart of the "revolution" is the new fully depth adjustable "super ring" the revolutionary design of the "super ring" ensures clean efficient wood removal at all times with 5 different cutting tips and modular articulation design the revolution is a must have tool for all woodturners.

- Supplied with 5 different cutting tips for unrivalled flexibility.
- Clever modular design allows for many different configurations.
- All collars and collits beautifully machined from solid "marine grade" brass billet.
- High performance cryogenically treated cutting tips for vastly improved wear resistance.
- New adjustable "Super ring" allows ultra efficient wood removal without clogging.
- Slim-line articulated tip design for unrestricted access to those hard to reach cuts.
- Expandable.
- Hand made in Sheffield, England.

**Saturday 7th March 10:00am - 2:00pm**

**Scroll Saw Puzzles Free Woodworking Demonstration**

Scroll Saw puzzles are fun to do and make great presents. Come along to store anytime between 10-2pm as we demonstrate how to prepare patterns, set up a scroll saw and choose the correct blades. Throughout the session we'll cover safe practice as well as explaining different techniques - there may even be a chance for you to have a go yourself!

**Saturday 21th March 10:00am - 2:00pm**

**Tool Sharpening With The Ultimate Edge**

Do you struggle to get that perfect edge on your tools? Then come and join our sharpening session. Under the guidance of resident sharpening expert, Rob, you'll have the chance to get hands-on with the Ultimate Edge sharpening system.

During the session, Rob will take you through machine set up, jig choice, wheel truing and sharpening techniques (with an emphasis on the sharpening of woodturning and hand tools). You can even bring in a tool of your own\* to put the system through its paces!

\*Limited to one tool per person on a first-come-first-served basis.

**Saturday 28th March 10:00am - 2:00pm**

**EcoPoxy, Working With Resin And Wood. Free Woodworking Demonstration**

Working with wood and resin is right on trend and in this national demonstration, our store specialists will provide an introduction to resin, using our new range of EcoPoxy products. Together these offer an ideal solution for woodworkers, artists and craftspeople looking to explore new creative possibilities in their work.

During this demonstration we'll make a small project, providing technical guidance and useful tips which will help you achieve professional results in your workshop from the outset. We'll provide details of the tools and accessories you might need and highlight some of the pitfalls when starting out working with resin. We'll also share some of the reasons why we stock EcoPoxy products, which are proven to provide outstanding all-round performance, clarity and durability while remaining environmentally friendly. We look forward to seeing you there!
