The Fire Safe Council of Nevada County Access and Functional Needs program is designed to help low-income seniors and/or disabled citizens create a defensible space surrounding their residence. These people do not have the physical or financial ability to create their own defensible space. Age or disability and income verification must be submitted to determine eligibility.

If yes, please provide the date the work needs to be completed: _____ (We cannot guarantee we will be able to provide service by this date, based on available funding and/or volunteers)

- I have heavy brush growing around my home.
- I have many small trees surrounding my home that need thinning.
- I have tall grasses growing around my home which need mowing.
- I have a large accumulation of leaves/needles that need to be removed.
- Other needs: _____

I certify by signing below this information to be true and correct: I am over 65 years of age and/or disabled, under the above income limitations, and have no other financial means to hire a contractor to clear my defensible space. I understand that defensible space created by the FSCNC and their contractors does not guarantee that my home will not be lost in the event of a wildfire. Ongoing maintenance is not part of this arrangement. Most clients wait over a year for this service as it is provided on a first-served basis, with those never receiving service having priority. I agree to provide access to water, bathroom facilities, and use of any onsite tools to complete the necessary work in cooperation with the FSCNC crews. I am responsible for removing any trash or other materials that interfere with the vegetation management for defensible space surrounding my home up to 100 feet.
