GO BALLISTIC !!

Introduction

Ballistic Uniforms & Apparel was launched in Cape Town in November 2009 and introduced a new competitor to the current suppliers of uniforms in the Western and Eastern Cape. Being centrally situated in Maitland Cape Town with highly competitive prices, quality garments, outstanding service, a wide product range and being fully stocked will enable customers quick and easy access for repeat orders. In November 2011 we launched Ballistic Communications and Video Conferencing as an added service to our clients

Overview

Ballistic Uniforms & Apparel's focus is on service excellence and providing a quality garment to the industry. We are able to provide technical and design input enabling our clients to develop their branded uniforms effectively. Stavro Michel, with 28 years in the garment industry manufacturing and importing for the chain stores plus immense knowledge of the industry enables Ballistic Uniforms and Apparel to be a powerful competitor in the uniform business. Our suppliers are 85% locally based and the balance of the merchandise is imported where necessary in order to offer our customers excellent pricing on particular items. Ballistic Uniforms and Apparel has warehouse facilities in Cape Town and available by arrangement in Gauteng in order to ensure easy access to our merchandise for national customers.

Product range

Ballistic Uniforms is able to supply a vast product range on a daily basis to ensure that our customers are able to trade with a "one stop shop" experience. In most cases if a particular item or size is out of stock our suppliers are generally able to have goods supplied to our warehouse within 48 hours. We offer a 4 week lead time for specially ordered woven merchandise and 2 weeks on knitted items subject to fabric and yarn availability. The products vary from combat wear, work wear, overalls, padded jackets, windbreakers, rain wear, corporate wear, formal wear, shoes, safety boots, high visibility clothing, bullet proof wear, handcuffs, batons, stationery and general accessories.

We have an on site embroiderer and have had long term relationships with two embroiderers in Cape Town all of which are able to offer a quick turnaround service on embroideries. Badges and epaulettes are locally manufactured by a supplier who is a large contractor to the government departments and ensuring excellent quality.

2 Way radios & base stations over various brands plus a unique vehicle and guarding tracking devices plus projectors, public address systems and video conferencing products are available by request

BEE Status

Ballistic Uniforms & Apparel is a Level 4 rated company

Our mission statement

Service excellence, a fully stocked warehouse, quality garments and the best priced merchandise will make our customers.....GO BALLISTIC !

BULLET PROOF VESTS LEVEL IIIA
For Handguns 9mm - .44 Magnum

SABS TESTED

Product:	Bullet Proof Vests
Model:	CV1
Protection Level:	NIJ Level IIIA+

Tested and certified to NIJ Level IIIA (NIJ 0101.04), our new CV1 lightweight covert bullet proof vests also offer protection from Tokarev Ball 7.62 x 25mm and Makarov 9 x 18mm.

We have only used the very best materials out there, such as a European high performance ballistic material, waterproof and breathable Cordura® 180 and ground-breaking temperature controlling Outlast® space technology, making it the ideal choice of armour for hot and humid environments.

Our CV1 model has been especially designed for those executive protection specialists, law enforcement officers and homeland security professionals who simply want the very best body armour out there.

Technical Features

- Certified to NIJ Level IIIA (+ protection from Tokarev Ball 7.62 x 25mm & Makarov 9 x 18mm)
- Weight: Only 1.65kg
- Only 6.5mm thin
- High performance 0.85mm trauma liner - strongly reduced blunt trauma effect
- Protective area of 0.28sqm
- Temperature controlling Outlast® space technology
- Exceptional high level of protection (4.4 Joules) from hypodermic needles (VPAM KDIW 2004)
- 10 Joules of stab/knife protection
- Excellent protection against more aggressive handgun ammunition
- Manufactured under strictly ISO 9001:2008 quality controlled condition
- Performance unaffected by moisture
- Lightweight and flexible
- Standard colours: Black or White
- Available sizes from S - 6XL

Product: Bullet Proof Vests

Model: OV1

Protection Level: NIJ Level IIIA+

Our truly hard wearing ultra thin and lightweight OV1 overt bullet proof vests, offer NIJ Level IIIA+ (NIJ Std 0101.04) ballistic protection + protection from Tokarev Ball 7.62 x 25mm and Makarov 9 x 18mm as standard + the protection any inserted ballistic plates will offer.

They have specially been developed to protect executive/diplomatic protection professionals and private military contractors.

Made out of a European high performance ballistic material, using military spec Cordura® 1000D and groundbreaking temperature controlling Outlast® space technology, our overt bullet proof vests will offer you outstanding protection and comfort in even hot and humid environments.

This OV1 version also features 250x300mm front and rear pockets for additional ballistic plates.

With a weight of only 2.5kg (excl additional ballistic plates) this is a truly exceptional and robust bullet proof vest.

Tested and certified at the Beschussamt Mellrichstadt, Germany.

Technical Features

- Certified to NIJ Level IIIA (+ protection from Tokarev Ball 7.62 x 25mm and Makarov 9 x 18mm)
- Temperature regulating Outlast® space technology makes it ideal in hot and humid conditions.
- Weight: Only 2.5kg
- Padded shoulder straps for more comfort
- High performance 0.85mm trauma liner - strongly reduced blunt trauma effect
- Exceptional high level of protection (4.4 Joules) from hypodermic needles (VPAM KDIW 2004)
- 10 Joules of stab/knife protection
- Manufactured under strictly ISO 9001:2008 quality controlled conditions
- Performance unaffected by moisture
