

SERENE Code of Ethics

The SERENE Code of Ethics is a set of principles that guides our professional conduct with our clients and colleagues. Members of SERENE pledge to exercise judgment, self-restraint, and conscience in their conduct in order to establish and maintain public confidence in the integrity of SERENE members and to preserve and encourage fair and equitable practices among all who are engaged in our profession.

Clients

Working Relationships

I will serve my clients with integrity, competence, and objectivity, and will treat them with respect and courtesy.

I will offer services in those areas in which I am qualified and will accurately represent those qualifications in both verbal and written communications.

When unable or unqualified to fulfill requests for services, I will make every effort to recommend the services of other qualified professional organizers, productivity consultants and/or other qualified professionals.

I will advertise my services in an honest manner and will represent the organizing and productivity profession accurately.

Confidentiality

I will keep confidential all client information, both business and personal, including that which may be revealed by other professional organizers and productivity consultants.

I will use proprietary client information only with the client's permission.

I will keep client information confidential and not use it to benefit myself or my company, or reveal this information to others.

Fees

I will decide independently and communicate to my client in advance my fees and expenses, and will charge fees and expenses which I deem reasonable, legitimate, and commensurate with my experience, the services I deliver, and the responsibility I accept.

I will make recommendations for products and services with my client's best interests in mind.

I will act and speak on a high professional level so as not to bring discredit to the organizing and productivity profession.

In compliance with applicable Data privacy protection, SERENE is committed to keeping your data safe.
