Kluwer Arbitration is the world's leading, unrivalled and indispensable online resource for international arbitration research.

The platform enables you to quickly access our collection of arbitration materials and to make faster and more informed decisions.

Kluwer Arbitration offers Unrivalled Content:

Information Superiority - authoritativeness based on partnership with ITA, ICC and ICCA and with the most respected professionals in the field.

Wealth of Content - in addition to primary resources, discover commentary from leading experts, an excellent collection of Journals and extended book collection including International Commercial Arbitration by Gary Born and Redfern and Hunter on International Arbitration.

Unique Content - the most comprehensive collection on international commercial arbitration including exclusive content of commentaries and a high number of ICC awards that you cannot find anywhere else.

Latest Opinion - kluwerarbitrationblog.com and kluwermediationblog.com keep you abreast of market developments.

“You gain access to exclusive materials unavailable elsewhere”

The platform provides quick access to the information that you need to advise with confidence.

Discover the following:

Interface - simple and clear design to help you start your common search journeys quickly.

Fast and Accurate Research - our search functionality, advanced browsing and search refinement features, together with the enhanced search result relevancy, help you quickly pinpoint the content you need in just a few clicks.

“Make faster, more informed, decisions with Kluwer Arbitration”

A Helpful Search Prompt - incorporates suggested arbitration terms as you type.

Boolean search options - provide ease of adjustment.

Customizable Results Page - lets you see results in expanded or summary form as well as an option to quickly preview a document without leaving the results page.

Filters in Results Page - refine results within seconds with multiple filters.

‘Search within a Search’ feature - allows you to easily narrow results using new search terms. It also helps your research based on authors you know and trust giving an option to search within just one or a selection of publications for quicker results.

Collaborate and Distribute Content Easily - flexible print options and E-mail results as links or attachments to meet the needs of your information output.

Access to Kluwer Arbitration brings the following benefits to your practice:

- Saves valuable research time by using powerful workflow tools to compare topics and resources.
- Gives access to need-to-know information such as exclusive awards and commentary by renowned experts.
- Provides global insights on almost 200 jurisdictions, offering a one-stop shop for all arbitration matters.
- Delivers effortless understanding of the latest developments via expert commentary from the arbitration and mediation blogs.
- Guarantees that you always have the information advantage with access to the most comprehensive database.
- Ensures that you are always up-to-date with a RSS feed containing updates to new cases, awards, blog posts and the latest material to be added to the platform.
- Gives the best guidance on many international issues such as Third Party Funding, interim measures, security for costs and many more.

Our customers say:

“Kluwer Arbitration is an enormous database comprising some of the most influential doctrine as well as a high number of awards and jurisprudence from all around the world of international arbitration. It is, therefore, an important and valued asset to our practice and one that we use on a daily basis.”

Dr. Christian W. Konrad, Konrad & Partners

“We very much value the breadth of KluwerArbitration.com’s materials. They cover the full spectrum of research in international arbitration. Access to arbitral awards is of critical importance to the needs of practitioners and KluwerArbitration.com provides a very efficient resource for such needs”.

Bernardo M. Cremades, Jr., Esq., B. Cremades y Asociados

“The new homepage considerably facilitates research and encourages the user to even go beyond the actual research and discover the entire website content.”

Detlev KÜHNER, BMHAVOCATS

“KluwerArbitration.com is a source without which no lawyer in Russia can be successfully involved in arbitration both practically and scholarly.

Enormous knowledge and experience are converted by this database into convenient digital form.

Russia is a developing arbitration jurisdiction and I do believe that addressing KluwerArbitration.com is one of the ways for Russian lawyers to cure many arbitration defects in our country.

I also have no doubts that information in KluwerArbitration.com seriously helped our firm in many arbitration cases in Russia and abroad.”

Muranov Chernyakov & Partners
