**Note:** The green “start a new task” button is to create a new task for the other users, be careful to avoid getting confused.

## 6.5. Signups

On this section you can earn money by signing up on the available websites on the list. This task is very simple and it can give you a lot of money. However, I really recommend you to sign up on the websites you are interested and intend to use in the future.

**Path:** Earn > Signups > Signups

**Limit per day:** There is no limit, but it depends on the other users.

**Time to complete:** Up to 10 minutes

**Money per submission:** Varies for each signup and country, but the minimum is 6 cents and depends on the advertiser.

You have up to 10 minutes to complete all the process and then you will have to wait up to 4 days for the advertiser to check your submission and approve it. Make sure to read all the instructions properly to avoid being rejected.

## 6.6. TikTok

On Time Bucks you can earn money posting videos on TikTok according to the advertisers list. This is a very simple task and I really recommend you to use your smartphone to access Time Bucks when you intend to do it. However, you must have at least 100 followers and 5 videos in order to be able to start doing this task.

**Path:** Earn > TikTok > Page Setup and Post

**Limit per day:** Up to 4 posts

**Time to complete:** Up to 30 minutes per post

**Bonus:** 1 dollar when your first post is approved

**Money per post:** The minimum is 0.001, but you can earn much more than that. It totally depends on the advertiser bid and your TikTok engagement rate.

**How it works:** First of all, you have to download, install and create your TikTok account on your smartphone. After that, you can try posting content every day and follow random people. In less than 1 week you should have over 100 followers.

Then you have to setup your TikTok page using the provided code by Time Bucks and choose any task from the advertisers list to post a video. It can be a duet or song promotion.

A "duet" is when another video is played next to a video of you watching it, but you do not have to show your face if you do not want to.

A "song promotion" is when you upload any video you want to TikTok, but you must use the advertiser's song in the background. They give you the link to the song, and you need to use it on any video you want.

The rate you get for posting depends on the advertiser bid at the time, also your engagement rate. The higher your engagement rate, the more you will earn per post. The engagement rate is calculated by the sum of likes of your last 9 posts, divided by your total followers.

The post rate is calculated using this formula:

Advertiser Bid x (Followers / 1000) x Engagement Rate

(Max Engagement Rate is calculated at 20%, and minimum at 0.01%)

When you upload a video, you must use the code provided by Time Bucks in the caption and provide the URL of your video in order to verify your campaign. Then you must keep the post up for the asked number of hours in order to be approved and receive your credits.

## 6.7. Links

This is one of the newest tasks provided by Time Bucks. If you like to send news and videos to your contacts on WhatsApp, Facebook, Instagram, Twitter and any other social media, this is a very easy way to earn some extra money.

**Path:** Earn > Links

**Limit per day:** There is no limit, you can generate as many links as you want

**Time to complete:** 24 hours

**Money per click on your link:** 0.002, 0.006 or 0.01 depending on the source country. However, it will vary according to your average on the following days.

**Money per day:** 0.002 or very much more. It totally depends on the number of clicks that you get

**Money per week:** 1 cent or very much more. It totally depends on the number of clicks that you get

**Money per month:** 6 cents or very much more. It totally depends on the number of clicks that you get

**How it works:** All you have to do is to copy the link of an article or YouTube video, go to the Links tab on Time Bucks, paste the link in the provided box and click the green “generate link” button.

Two short links will be generated. The first one with the domain “newsonthegotoday” can be sent to your friends on social medias, like WhatsApp and Facebook groups. The second one with the domain “shortnewsinfo” can be used on Traffic Exchange and PTC websites to get clicks.

Only unique clicks per 24 hours will count. If one of your friends clicks on your link and then you send another link to the same friend within 24 hours, it will not count. So, you have to send a link to all of your friends and then wait 24 hours to send another one. However, you can generate different links for each friend according to the subjects that they like.

If you click your own link it will not count. Also, using VPN or Proxy programs are not allowed and you can have your Time Bucks account closed. In other words, never try to be “smart” because Time Bucks keeps track of the source of all the clicks that you get.

## 6.8. Upload

In this task, you will get paid to upload videos to YouTube. You must have a verified YouTube account in order to do it. ### 6.10.2. Sweepstakes

**Path:** Earn > Sweepstakes > My Entries and Previous Winners

**Money per week:** The 30 winners are awarded up to 250 dollars

**How it works:** In order to be able to participate in this contest you must earn entries.

Currently, there are 5 ways to earn entries on Time Bucks:

- 1- Logging in daily: 100 entries
- 2- For every 0.001 earned completing tasks: 1 entry
- 3- For every 1 video watched in the Engage tab: 10 entries

- 5- Running the official sweepstakes software provided by Time Bucks: 100 entries every 10 minutes

The winners are randomly selected by the system and announced every Friday.

## 6.11. Referrals

Time Bucks provides to its users a referral link that they can use to invite other people to use the website and earn commission on everything they make for life. This is a good way to increase your earnings passively.

**Path:** Earn > Refer > TimeBucks

**Limit per day:** There is no limit, you can have unlimited referrals from any country

**Money per referral:** 15% commission on completed tasks + 50% of each roll bonus + 10% commission on deposited advertise funds

**How it works:** All you have to do is copy your referral link and share with your friends and other people. I really recommend you to know Time Bucks very well before doing it. Then you can talk about it to your close friends and ask them to sign up using your referral link.

You can also make a website talking about earning money online, upload YouTube videos or post your referral link on your social media, always showing the details about the website and payment proof based on your own experience, this way you can attract more people easily.

### 6.11.1 Roll

**Path:** Earn > Refer > Roll

**Limit per hour:** 1, since you are eligible

**Time to complete:** About 5 seconds

**Money per roll:** From 0.002 to 50 dollars, according to the payout table

**How it works:** In order to be eligible to roll, you must have referred at least 3 people in the last 7 days who have earned at least 10 cents. Also, you will earn 50% of whatever they earn on this tab.

All you have to do is click the green “roll” button to generate your random lucky number, then you will receive your credits according to the payout table. You can play again every hour as long as you are eligible.

### 6.11.2 Job Listing

**Path:** Earn > Refer > Job Listing

**Limit:** Just once

**Money:** 1 dollar

**How it works:** In this task, Time Bucks teaches you how to create a free job listing online, which will give you a constant stream of referrals for your Time Bucks account. Also, you will be paid for the first job listing you create.

You have to find a website that allows you to post a job for free, so you can “hire” people for work. In other words, you will post a job, receive people resume and contact them to talk about Time Bucks and “hire” them to work on the website as your referral.

Once you find a website and post your job, you can submit the link to your job listing on this page for approval. It does not matter if you got referrals or not. As soon as you are approved, you will be credited.

**Note:** If you really intend to use this task to get referrals, you must be very careful. Keep in mind that people will think they are applying for a real job.

So when you receive their resume and contact them by email, you must be very clear and detailed about Time Bucks, otherwise you can be prosecuted if they think they were cheated.

That means, if you do a task that usually pays 1 dollar, you will get 1 dollar and 25 cents for it. This only increases normal task earnings and excludes referral earnings and bonuses.
