

Pathways Transition Programs, INC (PTP) seeks career behavioral health candidates to protect children and strengthen families.

Founded in 1991, PTP is a private mental health services provider for children and their families. Our three office locations (Decatur, Lawrenceville, and Watkinsville) serve more than 20 north-central Georgia counties. PTP staff consists of a diverse group of over 80 full-time professionals that include licensed psychiatrists, licensed psychologists, licensed counselors, licensed social workers, and a team of highly trained and supervised behavioral aides.

Current Openings:

Licensed (License Eligible) Counselor or Social Worker

Location:

We expect growth this year! Accepting resumes for all locations and offices.

Brief job description:

- Provide in-home, school-based, and/or office-based counseling services
- Part-time and Full-time positions available
- Collaborate with children, families, schools, and other community members to treatment goals and build skills
- Comply with all payor and PTP service documentation requirements using our state of the art, HIPAA-compliant, electronic medical record system (CareLogic)
- Attend supervision, clinical team meetings, and participate at regular agency trainings

Why work at PTP?

- Preventative Medical, Vision, and Dental Insurance plans and various supplemental benefits are available including 401K
- Career development and licensure supervision provided
- Supportive management team (owned and operated by clinicians) and coworkers
- Free CEU offerings annually

Why work at PTP - I'm fully licensed?

- Credentialing services--private panel credentialing services
- Opportunities for private practice style work (build schedule of in-office clients without the liability and cost of owning your own business)
- Opportunity to build lasting community partnerships and professional relationships

What do our staff say?

- "I love working here. I think that Pathways is a very special place."
- "It's amazing what you can do as a social worker if you have the right support. I have that support at Pathways. People are very engaged here..."
- "[We] have really good training to make sure that we get updates and changes. There's also a focus on clinical growth."
- "What's been good for me at Pathways is that I get to refine my practice."
- "Supervisors are always reachable and helpful."

How can I be considered for PTP employment?

- Submit cover letter, resume, and references to careers@pathwaystp.com
