ATTENDING JOBCHANGE

Now that all of the Jobchange sites have opened we have to remain safe at all times, we constantly follow the Government updates and guidelines at all times. All sites have a good one way system with 2 metre markings on floors and desk spaces. Staff are behind protective screens and have masks and face shields. All visitors are given masks to wear if they haven't got their own, there are time restrictions on all courses allowing customers to move around the building in a safe manner. Our courses have designated seating arrangements and we have learner access courses through Google Meet.

Pictured above Aiden The CSCS tutor for Walsall, he is delivering level 1 in Construction to a group of 9 customers, 5 customers are also on Google meet, all his group were successful that day and passed the exam, so well done to them.

We are asking all who visit Jobchange to follow three simple actions to ensure we keep on protecting each other

- Wash hands** keep washing your hands regularly
- Cover face** wear a face covering in enclosed spaces

Make space stay at least 2 metres apart - or 1 metre with a face covering or other precautions

GOOD NEWS STORIES

In August Jobchange reached out to support a Wolverhampton teenager, Mia

This 16 year old had been working hard studying at every opportunity to ensure she could get the best GCSE grades possible. She contacted Jobchange and was very upset that she had not had the opportunity to sit her exams and didn't know where to begin in looking for an apprenticeship. Mia was given a telephone appointment with a careers advisor who signed her up to do online Customer Service and Food Safety, on achieving both courses she applied for a part time job and now works there and has secured her own apprenticeship opportunity within the company. Mia says "Thank you Jobchange in a year where I was not able to show how I could achieve you gave me an opportunity that I am so happy with, I had learnt the right skills in food safety and customer service to gain the job where I am now, learning whilst earning, which will improve my career prospects."

Well done Mia and good luck in your future.

SPOKE TOO ZOE TODAY ABOUT CSCS TRAINING VERY HELPFUL AND EASY TOO UNDERSTAND THANK YOU

GREAT SERVICE AND A WARM WELCOME BY STEVEN AND SAM AT THE WALSALL JOBCHANGE THIS MORNING! HIGHLY RECOMMEND YOU BOOK IN TO UPDATE YOUR CV!

YES I WOULD DEFINITELY RECOMMEND PEOPLE. I RECENTLY DID A SOCIAL CARE COURSE WITH THEM AND THE TUTORS WERE BRILLIANT.

During lockdown Jobchange social media was contacted by an unhappy young woman Lilly Yasmin who had unfortunately lost her job as a Nursery Nurse due to COVID and the uncertainty that came with it. She was very distressed but decided to reach out and talk to an advisor, Lilly decided to update her Food Safety skills as these were out of date and get her CV looked at, she continued to jobsearch daily and took advantage of the Facebook Jobsearch and hints on the web site whilst keeping in touch over social media. The Good news came in this week that Lilly got a job back being a Nursery Nurse. Lilly says "I completed a course with national careers service during the lockdown period when I unfortunately lost my job they supported me and helped me build up my confidence and self esteem over social media. She supported me and guided me to look for work and the best places to find work. Even though I randomly message her feeling lost she's always guided me and give me the confidence to keep trying. She even supported me when I made a complaint about a care company which took my money for mandatory training, I got my money back thank you! Thank you so much for the help Jobchange."

Fantastic work Lilly you did all the hard work.

Don Mitchell wants others to receive his message after he felt so apprehensive about coming into the Wolverhampton branch of Jobchange Don Says "Good afternoon I had a morning meeting today to help me compile a cv. 

I'd like to say how impressed I was by the staff, and particularly Harun. I was a little bit apprehensive but he put me at ease, and has rebuilt my self confidence with such an excellent cv, I could never have represented myself this well. Regards Don Mitchell."

Thank you Don we really appreciate comments like this, it helps others in the community feel less anxious. Good luck in all your jobsearch.
