This simple question can send otherwise rational adults into a tailspin. While each child is special and unique and develops at their own pace, there are certain skills and knowledge kits that most educators and development experts agree are essential for social and academic growth, development and achievement in school. As as you look through the following checklist of basic development skills to children before they enter first grade, please keep in mind that young children need continued opportunities to achieve any new new A one-shot approach to teaching is not sufficient to create a strong base of relationships, abilities and abilities. First Class Readiness Checklist Social Skills shows self-confidence and demonstrates self-esteem Follows rules and procedures at home and in kindergarten Uses materials purposefully and respectfully adapts to changes Shows aspiration and curiosity as a student Sustained attention to one task over a period of time of work, plays and shares with others Interacts easily with familiar adults Involved in group activities Respecting the senses and rights of others Uses the words to resolve the conflict When It's Necessary Reading and Understanding Shows An Independent Interest in Reading Activity Listens with an interest in the story read aloud Retelling a simple story recognizes the connection between colloquial and written words Learns all the letters of the alphabet in the order of differences between and prints of capital and lower register letters and sounds features the likeness and differences of letter sounds in spoken words Recognizes rhymes and rhyme models Makes predictions about history or excerpts based on the title and/ In the text defines the basic words of the view distinguishes fact from fiction begins to understand the basic characteristics of fables, stories and legends Identifies plot elements of the setting, plot, character and conflict (where, when, what, who and why) uses a personal perspective in response to stories such as related characters or situations begins to understand simple punctuation (period, question mark, etc.) finds the title, Author's name, illustrator's name and content table Sorta common words in the category (e.g. food, colors, shapes) Writing reads and writes your own name Tells the story using photos Uses letters or forms to portray words or ideas Writes familiar words Copies or writes words to convey messages Participating in a group dictated by the stories of simple builds words and sentences Demonstrates from left to right progression, and from top to bottom of the progress of the Pens without interrupting the recites of nursery rhymes, Finger Plays and Songs Participating in Discussions and Conversations Asks Matters Says clearly convey messages and queries The difference between asking and telling differences between formal and informal language (with peers, Home vs. School) Uses full sentences Makes oral stories Retelling a simple story with basic elements of the beginning, middle and final numbers, operations and problem-solving skills Names figures from 0 to 30 writes figures from 0 to 20 Uses skills to add to 10 and compares objects recognizes, recognizes and expands patterns and relationships of objects, symbols and forms collects data and makes records using lists or graphic representations Shows an interest in solving mathematical problems solves problems by guessing and verifying using manipulative or finger geometry and measurement becomes familiar with common tools for measuring time and temperature (e.g. rulers, thermometers) assessing and measuring real quantities using non-standard units (blocks or scraps) Identifies, labels and creates different forms of Mathematics in action: Telling time, counting money Shows understanding of the calendar and time Knows the days of the week and months of the year knows the value of a penny, nickel, penny and a quarter Of Social research understands the concept of history, how the real stories of other times, events, places and people understands the broad categories of time (past, present and future) Knows different methods of communication long ago to the present (oral , pictograms, etc.) Understands the concept of historical contribution of historical figures has a basic awareness of other cultures and cultural traditions Knows significant persons in the history of the United States knows people and events honored in commemorative holidays recognizes American symbols (eagle, Liberty Bell, flag, etc.) Recognizes that people use maps, globes and other models to identify and find places Science Forms conclusions based on comparisons, sensory observations and research Knows that the Sun delivers heat and light energy to Earth recognizes the basic patterns in the weather recognizes how humans affect the Earth, including the concept of preserving, recycling and reducing pollution understands that all living things have a basic need To distinguish between living and non-life things recognizes how living things change, how they grow and describes the structural characteristics of plants and animals, distinguishes between the types of environments and their inhabitants (hot Cold, wet, dry, etc.) Etc.) Etc.)
