YouMp3.app is an effective online application that allows you to convert YouTube videos into MP3 without installing any app or program, so you can listen to them without an internet connection. YouMp3.app can convert into MP3 by extracting audio, all kinds of videos from YouTube: Music, audiobooks, podcasts, video tutorials, songs, etc... You can trim the duration of the sound by causing it to start later or finish earlier, it is very useful to avoid annoying silence at the beginning or end of some videos. YouMp3.app is quick and easy to provide the best experience, plus it's compatible with Android, iPhone, Windows, Linux and any system from the web browser. How to use YouMp3.app? Click on the YouMp3.app search bar, insert a link from the YouTube video you want to convert to MP3, and click ENTER on the keyboard or click the search button. YouMp3.app quickly upload the YouTube video you found, you can click on the video image to watch the original video on YouTube. Once you've made a decision, just click the Download button, although you can change the duration of the MP3 you download first. You can convert multiple YouTube videos at the same time. YouMp3.app is a multitasking app. When the MP3 conversion video is ready, the MP3 file will be automatically uploaded to your device. How does YouMp3.app work? YouMp3.app is designed using the latest technology and is optimized for very few resources. This is the perfect replacement for your home app, because even if it's a website you can install YouMp3.app as a shortcut on your device, it will look like an app! YouMp3.app is so lightweight that it only takes 55KB on your device. YouMp3.app uses a third-party API to search for videos. When it comes time to convert YouTube videos into MP3, it uses a third-party API with ultra-fast downloads, which also reduces audio video. How many YouTube videos can I convert? They can be downloaded, converted into ANPs3 and cut as many YouTube videos as you want, and you can convert videos of any length. Keep in mind that downloading too long videos will take longer and can take up a lot of space on your device. What quality are downloaded from YouTube MP3 audio files? YouTube does not store audio files in MP3, it uses other formats (AAC), the highest quality of them is about 156K. Thus, MP3 audio files that you will download are always 128K, good quality and small size. Can I upload and convert videos to MP3 from platforms other than YouTube? As the name implies, YouMp3.app only works with YouTube. How long does it take to convert a YouTube video into an MP3? It's instant! If the length of the video is not shortened. Can I convert the video from a tablet or smartphone? Of course, YouMp3.app adapts to all devices as it is designed with the latest technology, it is friendly with all screen formats. YouMp3.app always recommends using an updated web browser such as Google Chrome in its latest version. How much does it cost to upload a YouTube video with YouMp3.app? YouMp3.app is completely free and will remain so. I found a bug, how can I fix it? Go to our Facebook page and email us. Is it suitable for iPhone/iPad? Yes, make sure I have iOS updated I need to sign up to use YouMp3.app?
