Animal crossing new leaf cafe guide

Animal Crossing: In New Leaf, the café known as Roost is a public works project. There you can drink coffee, meet villagers and special characters and even get a part-time job. The construction of Roost The Roost is a public works project, but it is not immediately available on the list of public works projects. After building a museum gift shop and donating at least 50 items to the museum, one day Blathers will ask you to build a café. Roost will then become available as an alternative to the list of public works. Sit in your mayor's chair and select it from a list of public construction projects, and then go out with Isabelle to choose where to build it. Drinking coffee You can drink coffee at The Roost. Sit on the stool in front of the brewster and order your coffee. You can only drink coffee once a day. At first he serves regular coffee, but the more coffee you order, the more options Brewster gives you, such as adding milk and sugar or choosing coffee beans. Encountering special characters At certain times of the day, you'll find a special character sitting on a bar stool. The following list shows the schedule. Today's special character encounter Pelly or Pete6:00AM - 6:55AM Tortimer or Dr. Shrunks8:00AM - 9:30AM Mr. Reset or Don Reset12:00PM - 1:30PM Kapp or Phineas2:30PM - 4PM DJ KK5:30PM - 19PMPhyllis or Digby9PM - 21:55 Gracie or Kicks or Tom NookMidnight - 1:30AM Part-time job After drinking seven cups of coffee from Roost, You can get a part-time job by talking to Brewster while standing on the right side of the bar. Part-time work is a mini-game with coffee for villagers and special characters. Typically, three villagers (not always from your city) ask for coffee, each animal has a recommended combination of coffee beans, milk and sugar. If you make customers happy, Brewster will reward you with coffee beans to take home, as well as rare furniture. If you do well over time, your rewards will improve and improve until you get a rare batch of Brewster gyroids. Here's a list of rewards you can get. Note: For villagers (but not special brands), the amount of milk always corresponds to the amount of sugar. In other words, if the milk is nothing, the sugar is also nothing. If the milk is a regular quantity, the sugar is two spoonfuls. And so on. However, coffee beans may not correspond to these quantities.
