My engine was installed in 1991. Thanks CRN Hello, does anyone know where I can buy to buy manual or find maintenance information for the diesel Isuzu C240? My engine was installed in 1991. Thanks to CRN Hi, how does your search go for a guide? I have a paper copy of the store manual for c240 that came with the used engine I bought, it came from Klassen Diesel (something like 70 bucks) and it's pretty lacking in detail. I've seen TCM guides for hyster loader that have c240s in them but don't really want to throw 50 bucks down unless they're going to be more in-depth than the klassen guide. Did you find anything useful? I'm also looking for a guide for Isuzu 4LE for a friend, the same paid ton per guide from Klassen that is sorely lacking in detail. I found a couple of parts of the catalog/guide for c240 if your interested in them. - Hello, I'm looking for an alterator montage bracket for Isuzu C240, serial nr: 779362. Where I can find it, new or used. Best regards. Willie Hello, I'm looking for an alterator montage bracket for Isuzu C240, serial nr: 779362. Where I can find it, new or used. Best regards. Willy I ended up having made one of some aluminum plates (1/2) otherwise try klassen diesel I have a paper instruction C240 that I used a commercial scanner and Adobe software to make a PDF out of it. This is for the Isuzu C240, industrial/sea engine. That's about 240 or 250 pages. The guide was expensive. If someone needs a copy, I'll send it to them, I ask that if it's helpful, they have the honor to send me \$5 via Paypal. I'll send it out to someone who always asks for it for free, but if it's something that can help you, I ask you to send \$5, as I feel \$5 is reasonable because you get it and it's usable as, clearly, it's detailed, and the scan is good. It helps me put off my time and invest in getting it done. I can make you off a paper copy if necessary, but it's 250 pages long and I no longer have a commercial printer, so it would be significantly more than \$5. If it doesn't help you or it doesn't have the specific information you need, I ask for nothing but to remove it and move on. If this works, I have some other Isuzu guides I will offer in the same way. I can be reached through the forum and I accept emails from members. Thank you very much you don't need to send me five bucks to get it, only if once you get it, if it's useful and don't need to look for it was helpful, you can send me \$5. If it doesn't cover what you need, and there are differences between the engines, then don't send me anything. I also have a Bosch VE Pump Guide scanned as well if you want to. Thanks to bigvinbama (a)gmail.com I can certainly use the guide for my C-240. I'm on the scs on the gci dot network and if you send me a paypal bill for \$5 bucks I'm more than happy to reimburse you for the trouble. touches, Hydrflr HI there, Geardoc, I would be interested in a copy of your Isuzu C240 guide, if you could send me a copy I would be over the moon, thank you very much Rob. Hi Geardoc I've been looking for a nice C 240 store guide for some time now. If you still have the information available, I certainly appreciate the copy. My email address is an email protected thanks very kindly. Will be happy to send \$5 to you. I don't have PayPal acct., but will mail you if that's ok. Hi GearDoc, it's really nice with you to put a PDF together on this store guide. If you happen to still be comfortable, I'd be happy to be sent a copy.
