There's no iPod Touch guide included in the small plastic box that the device comes in when you do, but that's it. But that doesn't mean that there are no iPod Touch guides. These days, it's pretty rare to get hardcopy, physical versions of things that can be delivered digitally. Just as more people are streaming music than buying CDs and more people downloading software than getting it on the drive, there are also fewer and fewer printed user guides for consumer electronics. Instead, companies offer downloadable PDF files for us to consult when we need them. That's the case with Apple's iPod Touch. The iPod Touch comes with only a few small pages of documentation. Apple offers iPod Touch guides on its website for every version of iOS that touch can work, as well as some additional information. So regardless of the touch model you have and what version of the OS you use, you'll find a guide to it below. These guides provide general instructions on how to use iPod touch, with instructions and details specific to the iOS version below. iOS deployment help - WebiPod Touch contains a guide - PDF For the latest versions of these manuals, Apple no longer offers guidance as a PDF. She replaced them with Apple Books documents. The Apple Books app comes pre-loaded on iOS and Mac devices, so you can download these documents and open them in the app without getting any new software. Apple also provides documentation specific to a number of different iPod Touch models. Most of the information you want is in the iOS guides from the last section, but these PDFs include some additional legal and regulatory information about each recent model. Apple Safety, Warranty and Regulatory Information (PDF) Image copyright Apple Inc. Safety, warranty and regulatory information PDF of the 5th Gen. iPod touch. Image copyright Apple Inc. Image credit: Apple Inc. Safety, warranty and regulatory information PDF Not all the information you need can be found in the official guide. Here are links to some of our most popular articles about iPod Touch: There's no iPod Touch guide included in the small plastic box that the device comes with when you do, but that's it.
