Position Type: ProTech (Certified)/Training Coach Location: U.S. Grant High School Reports: Director of Professional Development FSLA Status: Freed Compensation: 001 (Salary Determined by Education and Experience,) Working Days: 191 FTE: 100 Training Coach Position Summary: The focus of this position will be to enhance each teacher's ability to provide academic skills that students build academic skills by enhancing student participation and ownership of learning. The training coach will work directly with teachers and administrators at the target school site to improve learning levels, providing support through classroom demonstrations, collaborating and offering one-on-one interaction, and professional development to align site-level learning decisions with district curriculum priorities. Key responsibilities: Supports regular, ELL, and special education teachers in implementing, harmonizing and monitoring the guidelines of the district curriculum. Provides rigorous standards-based teaching strategies, including district standards for professional development. Monitors, reviews, support and recommendations for curriculums on designated campuses. Works with the administrator and team of training group managers to monitor and support growth and improvement programs. Integrates district teaching manuals into school curriculum strategies to create a comprehensive campus action plan. Makes investigations easier to investigate good teaching practices and provides useful tools that can be easily integrated into the education reform process. Conducts classroom interactions to demonstrate and monitor the basic elements of the school curriculum and district standards. Components of these interactions will include: scheduling conferences with teachers, demonstration sessions, and summing up. Provides technical assistance in collecting, analysing and interpreting student performance data. He participates in public and local professional development for trainers, including peer observations, professional studies and mathematics, research and opportunities for higher education. Maintains awareness of current research and curricula trends and extends best practices in learning, evaluation, technology and equality to ensure that embedded professional development works on learning strategies that improve student achievement. Collaborates with other training coaches to analyze performance data, think about topics, determine how to aggregate and prioritize needs, and allocate resources accordingly. This post will be required for travel between places for above responsibilities. Must have a reliable mode of transport. Performs other duties on the appointed. To ensure continuity of services work may be needed in the event of a health crisis or a devastating situation that requires the closure of schools and/or office buildings. The employee's right to remote work will be determined by the head of the school. Expectations and guidelines for remote work will be distributed by the employee's supervisor, depending on their role and responsibilities. Work specifications: To succeed in this work, a person must be able to perform every necessary duty satisfactorily. The requirements listed below are representative of the required knowledge, skills and/or abilities. Minimum qualifications (necessary knowledge, skills and/or abilities): bachelor's degree. Oklahoma Teacher's Certificate. Five (5) years of successful teaching experience. ELEMENTARY REQUIREMENTS: Elementary Mathematics, Reading Specialist, Early Childhood, or Elementary Certification.
