The first (and most popular) is Gangster Vegas followed by Gangster New Orleans and Gangster Rio. The games all play the same way, and they all play similarly to Grand Theft Auto. You roam the open world to get into all sorts of trouble, steal cards full of missions, and provoke gang wars. It was the best alternative to Grand Theft Auto until the franchise landed on Android, and it remains one of the best gangster games on the mobile phone today. All three games are free to play, but don't expect less from Gameloft. You complete the mission, steal cars, kill enemies, and make your way to the big bad guys at the end. Mobile ports are surprisingly good. We recommend Grand Theft Auto: San Andreas, as it is the newest port, but you can play Grand Theft Auto III and Vice City as well.
