Alle ansehen 18100 Goldenwest Street Supervisor: Ray Frankeny [email protected](714) 536-5230 Field/Rain Hotline (714) 375-5164 x 6 The Huntington Central Park Sports Complex is a 45-acre facility that has eight soft fields overlaid with seven football fields. Also available are three open artificial turf fields and an arena turf field, bang cages, two concession stands, two playgrounds and toilet buildings are also provided for your convenience. Dogs are allowed in the Sports Complex, however they must be on a leash and the hand held by the owner. They can't be tied to a tree, railing, bleacher, fence or chair. Fun Facts: The Sports Complex has won two state awards: Best Design and Best New Recreation Facility. This complex was built over an oil field, landfill and a small mushroom farm. On a weekday afternoon, driving down Goldenwest Street between Ellis and Talbert Avenues, you may see more horses than people. Huntington Central Park Equestrian Center is located directly opposite the Huntington Beach Sports Complex, a 45-acre recreational facility available to residents throughout the city. In the early afternoon, the sports complex is noticeably deserted. But there's time and place for everything. During the day, 90 percent of the time, it's just that people are at work or at school, Ray Frankeny said about the empty afternoon. Some people believed that youth would never use the facility and would never be used for its potential. We broke up those rumors. Naysayers, you haven't heard from them anymore. Frankeny is a supervisor with the city and supervisor of all used facilities and adult sports programs in the facility. And since the Huntington Beach Sports Complex opened in 2004, Frankeny has seen it expand into not only an, but a haven of personality, camaraderie and competition. As it is the facility consists of eight softball courts coated with seven football fields. Other amenities include cages, an arena-style football field and two playgrounds. But of course, common sense says if it wouldn't make sense to use softball and football fields for just softball and football. We book everything in these fields, Frankeny said. A team rents a stadium for a lacrosse tournament. The craziest thing I've ever seen is that a team wanted to play cricket. I've never seen cricket live before, so I let them rent the field. So if someone comes up with something and asks us, we'll look at it and see if it's possible. Frankeny says that in addition to the occasional cricket tournament and the occasional lacrosse battle, absolute Frisbee and dodgeball have made repeated appearances as well. One event that the facility did turn down, at least until the arena-style football stadium is better equipped, is a paintball tournament. We just didn't think the field was set up properly for this activity, Frankeny said. Still, the Huntington Beach Sports Complex, on average, manages dozens of leagues and more than 200 teams throughout the adult and new sports season, reaching as many as 360 teams a few years ago. In addition, the sports complex has hosted the Taste of Huntington Beach event for the past few years and hosts Easter egg hunts in the spring. And, the parking lot serves as an overflow for some of the activities in Central Park, such as Civil War Days and the Smooth Jazz Festival. And today, the complainants sing a different tune. Now, the complaints are from people who can't get into the facility because there's no room, Frankeni said. Contact the author: bwatson@ocregister.com Huntington Central Park Sports Complex includes 45 acres next to Huntington Central Park. The Sports Complex contains eight softball courts coated with seven football fields. Also in the sports complex are two open artificial-turf fields and an arena-turf field. In addition, there are bang cages, two concession stops, two playgrounds and toilet buildings. Dogs are allowed in the Sports Complex, however they must be on a leash and the hand held by the owner.
