This is a comic game that has the main character named Bubblun. It captures the enemy to kill them with bubbles. It also has a monster skull that appears if the player can't finish the level at a certain time. It is created by Mobirix. Gameplay: It has two main buttons to fire and jump. You have to use them to move and attack enemies. You can only move left and right only in this game. It has the function of automatic shots and unlimited fire to kill enemies. Some features of the Bubble bobble classic are: There are some special bubbles that hold different powers like increasing the speed of bubbles blowing, moving and flying, as well as a range of bubbles. You have to finish the stage by killing enemies at a certain time with the above features. If you can't finish it at a given point in time, it will be seen as a failure. It has some special elements as well. Holy Water helps remove all enemies on the screen and score extra points in a limited time. Parasol helps jump in different stages. The jumping steps differ in the color of the umbrella. The magic staff makes all the remaining bubbles on the screen turn into food, and a huge amount of food will drop. Sky Blue Ring helps to get extra points every time Bubblun changes place. Chack'n Heart makes the main character invincible to defeat enemies. Magic necklaces help get some shiny that bounce around the stage and defeat the enemies. The watch freezes the monsters for a certain amount of time. Bubble bobble classic mod apk has two stages: normal and super. Once you clear the normal stage, the super one gets unlocked. You can change coefficient from settings. Conclusion: Minimum age to play Bubble bobble classic mod apk 3, so that without any restrictions, everyone can play. He has characters, stories and achievements. It's basically like a classic video game that was available in the old days. It is still unavailable for the phone, but you can pre-register from this location. It's steering to your nostalgia for old video games that we've all played after struggling with our parents to get permission with the promise of learning hard. Download it now! The content table IS one of the first bubble shooting games and has inspired many games in the next generation. So far it still has charisma and a certain position in the hearts of gamers. Knowing this, mobirix has released a new version suitable for playing on mobile devices called BUBBLE BOBBLE classic. By keeping the gameplay classic and adding a few features, this game has become more appropriate for trend today. Gameplay in the console version, you play the characters Bub and Bob, then in the BUBBLE BOBBLE classic, they have been replaced by a new character named Bubblun. In each level, you will control Bubblun moving along the platforms to shoot the ball. It is clever to move through gaps to move to higher positions or fall to lower positions. Bubble BOBBLE classic has also removed the side scrolling element, which means that each level is limited to only one screen. Be prepared to face enemies who are waiting for you in different positions. Winning all enemies, you unlock the next level. These bubbles can be blown up an unlimited amount. Use these bubbles to destroy enemies by having them collide with each other. Enemies after being destroyed will help you earn more points or drop items. By defeating them in a row, you can get more points and more valuable items. These bubbles will burst on their own after a while. So this game also requires you to have a strategy to win the fastest way. In addition, the BUBBLE BOBBLE classic has also added rating features. You struggle, show your ability to shoot a bubble to set a record The ratings are still there and waiting to name the most talented warriors. Elements and bubbles Occasionally some special bubbles will appear. They have Attack enemies with magic like fire, water or lightning. This made it a little easier to kill the enemy. There are three special types of bubbles representing three elements including water, fire and thunder. Each type has different skills and of course they are much stronger than conventional bubbles. Some information about the popular bubbles in the game: Water bubbles have the ability to drown out enemies. Fire bubbles can create many lights, reducing the fiery attacks of enemies. Lightning bubbles can blow up enemies horizontally. In addition, you can also use some elements to enhance the character. Use the assist to help increase the speed of impact, increase the range of impact and increase the speed of the bubbles. And if you want to increase the speed of Bubblun, you can use red shoes. Special items While the difficulty is gradually being pushed higher, you feel that these common items are not enough to help you win, let's use special items such as: Holy Water: Increases the scores received over a short period of time while simultaneously blasting off all the enemies on the current screen. Chack'n heart: increases defensive abilities, freed from all damage. Watch: Freeze enemies for a while. You can also use Parasol, Magic Necklaces, Watch, Sky Blue Ring and more. Graphics and sound graphics in the classic BUBBLE BOBBLE are still decorated in the classic style. In today's era, when most games are designed with detailed and realistic 3D graphics, the graphics in this game can make you feel weird. But if you're a fan of nostalgic games, you'll love this style right away. In addition, sound is also a plus. Cute melodies will help you feel comfortable while playing. MOD APK version of BUBBLE BOBBLE classic MOD feature Unlimited Diamond: You have a lot of diamonds when using the MOD version. Download BUBBLE BOBBLE classic MOD APK for Android Overall, BUBBLE BOBBLE Classic is a fun, simple but addictive game. This game is suitable for relieving stress or killing time when you are free. If you are interested, please download this game at the links below this article and experience it. BUBBLE BOBBLE Classics - Based on the classic Android platformer, you control the dragon and try to capture enemies using bubbles. You will have to jump on individual platforms and shoot bubbles that immobilize enemies if they fall into the trap. When opponents are inside bubbles, they become something edible and you can grab them to earn points. The main task: to deal with each enemy to advance to the next round. It is important to act quickly, otherwise opponents become more active, changing their color, and they resemble special monsters that move freely across platforms and don't capture them in a bubble. Periodically at the levels different things happen, for example, vegetables and fruits add glasses, plus there are special bonuses that increase the increase Ability. The controls are simple, move left, right, jump and click the attack button, and shots can be automatic. Bubble Bobble Classic was first released back in 1986, but today every Android smartphone owner can play this retro platformer.
