The familiar atmosphere of risk, permissiveness and madness is complemented by elements of role-playing development: with each task accomplished, the hero becomes stronger, acquires new skills and transforms from a toothless newcomer into a fearless messenger of death. The plot in Truck Driver City Crush is unpretentious: another legend about criminals, who decided to gain fame for the guests and tribulations of other people. And while the idea is extremely predictable, you can watch the war unfold in the streets for hours. At least because of the deafening explosions, alarmed locals and reckless mobsters.
