Here is an old thread that covers the same land. I would suggest Google-----Amsterdam Guidebooks you will see a lot of discussion about many different books. You can see which one is more like what you want. My fav is the Get Lost Cool Guide to Amsterdam. But this is not the one I would suggest for you. This question is asked a lot. Searching in this field above will bring up pages worth TA themes on the topic. Of course, to the right of this Amsterdam page there are top questions There are many good tips to be found there. DK is by far the most beautiful with beautiful graphics, but also the heaviest. I'm going to bring my Pocket Lonely Planet and a Time Out shortlist to Amsterdam. They are well presented and the information is dense. And it's not too hard. I study the rest, but I leave home. Level Contributor 2175 posts 13 reviews 3 useful votes 6. Ultimate Guide! Amsterdam is the place where high culture meets the city centre vibe, where Van Gogh rivals the cannabis museums, where 17th-century palaces rest weightlessly on on and cozy bars compete with cool designer clubs, funky shops and chic cuisine. With more than Venice channels, Amsterdam balances the picture-perfect 17th century hauteur with an easy-going village atmosphere and a place of art and entertainment that s as high energy as it is cosmopolitan and advanced. Whether you re-visit for sightseeing or shopping, cuisine or nightlife, this Amsterdam guidebook is the perfect guide for your short break. Combining the destination experience with two award-winning pop-up maps, this handy travel guide will provide all the information you need to get the most out of your trip.
