4 Your Pha Summary of Content on Page 6 For information on safety, regulatory information, environmental compliance, illegal copies, and product recycling and recycling, please refer to the relevant sections in the user's manual. If you need more information about any of the features available on your device, please contact the user's manual and CDs. To support the product and information about ordering consumables and print media, go to the Xerox www.xerox.com/support website. Prepared and translated Summary of Content on Page 7 Install Phaser 3635MFP 1 Unpack the machine and any hardware options and find instructions for installation. 2 Installation instructions for assembling machines and equipment. The result is one of the following configurations. Phaser 3635MFP/S Phaser 3635MFP/X Standard Features Copy, Print, Scan, Email Copy, Print, Email Tray 1 and Bypass Tray and Fax Tray 1 and bypass Tray Supplemental Equipment Tray 2 Tray 2 Foreign Device Interface Foreign Device Interface Resumen del contenido incidolu en la p'gina 8 Switch on machine After the machine was assembled. This is done with the product inclusion key when the machine is turned on for the first time. The key to the product comes in a plastic tube inside the box with the machine. The machine's customization procedure is this: 1 Find a tube containing the key to turn on the product. Remove the plastic card and key to secure the product thoroughly by sniffing out the key. 2 Connect the power cord to Resumen del contenido incluido en la p'gina 9 10 Displays the screen of customer support numbers and deliveries. Enter your customer service phone number and supply phone number and select the next one. NOTE: This is just for reference. You can leave these fields empty if you don't have the information. 11 The next 4 screens will allow you to set the date, date, clock format and time. Follow the instructions to enter the relevant information and choose the next one on each screen. 12 Congratulatory screen will be displayed Resumen del contenido incluido en la p'gina 10 Your Phaser 3635MFP 1 2 Control Panel: Document 2 Touch Screen and Feeder: Numeric Keypad used for multiple scans of 1 documents. Document Glass 3 under used Output Tray: to scan one 3 collects severance documents, related documents, etc. 4 5 Trays Paper: 1 4 Tray 1 is standard and 5 Tray 2 is optional. Bypass Tray: Used for non-standard printed tools inside the device There is a customer replacement unit in the device, Toner Cartridge (6). If offline Sta Resumen del contenido incluido en la p'gina 11 Control Panel Overview Interrupt Printing Clear All Job Status Services Home Log In/Out Stop Machine Dial Pause Status Start Display and Language Touch Screen Cancel Entry Numeric Keypad Item Description Services Home displays screen services that allow you to choose features. Services are used to access feature options. Use job status to view the current status of the job and other job queues. Machine Status Use to access machine information, status, serial number and print re Resumen del contenido incluido en la pegina 12 Item Description Dial Pause introduces a pause in the phone number when faxing Clear All Press once to clear the current record. Click twice to go back to the default settings. Interrupt printing to interrupt your current job for more time Work. Stop Stops the Job. Start using the job to activate. Job. Paper in Trays 1 Paper Open a tray of paper and load the Paper Guide into the tray. DO NOT fill above the Max line. 2 Adjust the rear and side guides to hold paper ag Resumen del contenido incluido en la p'gina 13 3 ..... Open the document tape and place the individual documents face down on the document glass, aligned with the rear left angle. NOTE: Documents are scanned only once, even if multiple copies are selected. Fast use of the guide 9 English Resumen del contenido incluido en la pegina 14 Connect to the network Follow these instructions to connect the machine to the Ethernet TCP/IP network. If you're connecting your car to a different type of network or want to use other protocols, contact the System Administration CD. Check the device before connecting the machine to the network, make sure it works properly as a copy. 1 Place the document in the document feed and make 3 copies. 2 If copies are made successfully, establish a network connection as Resumen del contenido incluido en la p'gina 15 - On the control panel click the Entry/Exit button and then enter the administrator's password to qgt; qgt; qgt; qgt; qgt; zgt; zgt; (11111) and select Enter. The dedicated TCP/IP address is in the Name/Address field. 2 Confirm that the IP address has been highlighted and that it is a suitable IP address for your network. NOTE: If the IP address starts at 169.xxx Resumen del contenido incluido en la p'gina 16 9 Now a static IP address is installed. Click the Log/Exit button and select Confirm to the logo and close the tool menu. 12 Guide to the Fast Use of Resumen del contenido incluido en la p'gina 17 Install prin drivers This procedure describes how to install print drivers using the Print Driver CD. Print drivers are on the Print Driver CD, which was delivered with your Phaser 3635MFP. You can use a Centre Printer and Fax Drivers CD at the same time to install multiple components, such as printer drivers, scanning drivers, and PPDs ® (PostScript Printer Description). To use the installer, download CD-ROM CentreWare Print and Fax Drivers Resumen del contenido incluido en la p'gina 18 e-mail Setup If you want to set up an email service, follow this procedure. If you don't want to set up this service now continue fax settings on page 16. NOTE: If you don't see the email button on the Services Home screen, include email in Tools Ways. (Click in/get out of the zgt; machine status of the password (1111 qgt; Enter the tools of the service's user interface allowing you to turn on the e-mails of the service before you start the installation procedure, please make sure that the following items are available or f Resumen del contenido incluido en la p'gina 19 6 Click either IP address or owner's name and enter the owner's name or IP address and port number (1-6535) server SMTP. 7 If necessary, to verify the server requires a box of authentication SMTP.8 Enter the login name and password. 9 Click Apply to confirm your settings. 10 From the Properties menu, Click Services zgt; e-mail Settings of the default. 11 To change settings on the e-mail settings screen Click edit for each group of options. 12 When you've made your choice click Summary del contenido incluido en la pegina 20 Fax Setting Phaser 3635MFP/X fax configuration set as standard. When the machine is installed. Set up a Kit 1 fax set up fax kit using instructions in the kit. 2 Connect the phone line to the line line connector on your device. If you want to attach your phone to your device, connect your phone to the Ext connector. 4 Click in/exit to get in the way of tools. 5 Enter the numerical keyboard
