**Continue**

1. Opening sequence: - New sequence of intro, animation, and music  
New Game: - Can start in Johto or Canto - You can choose 1 of 28 starters (see: Starters for the full list and movesets) - This now includes some HARD snacks for such things, As Smeargle Problem Character Settings: - You can choose from 4 male/female player characters - You can choose from 6 player color options - You can choose from 8 custom package and outfit menu colors  
Start with: - Fully unlocked Gear and Dex - 1x Potions and 5x Balls - Two useful phone numbers (Bill, League) - Link enabled  
2. Open World:- Forced elements of history/barriers have been removed-Some areas have been redesigned to be more navigable previously : See: Map changes and additions- Many felled trees have been removed - Force boulders only in Seafoam Island and Slowpoke Well, which are optional This means that places like Ice Path can be moved without strength- Fast ferry service has been added for the fast travel of Cianwood, Cerulean, and New Sinnabar and Fuchsia can ride for free after 2 icons-Fish Guru now give you different rods in sequence - If you have an old rod, the next Guru you will meet will give you a good kind, etc. Scale Gyms, Trainers, and Gym Recchallenges: Scaling Gyms: - All 16 Gyms can be solved in any order and scaled by a team based on the number of badges earned - this comes from around Lv. 7 to 75, making the last 8 Gyms more challenging than the original games - Gym Leaders have fully custom movesets Trainers:- Trainers outside gyms scale up to Lv45 It's to keep the world navigating at a minimum of hassle-Some events based on trainers directly not scale (Eusine, Sprout Tower, Elite Four, etc.) - Some new special trainers reset once a day, or after beating E4. Gym Recchallenges:- Unlocked in the gyms that you won once - Recchallenge gym, talking to statues at the door - All gym leaders and trainers rebattleable - Levels are unlocked and match the icon count  
4. New features and quality of life changes: New features:- Running shoes added, can be included permanently in the menu options- Ticket on Fast Ship can be purchased at any time- Profile player screen now shows Kanto Gym Leaders, as well as-Fourth Screen Stats: Text-Unlockable Wild Combat DV Display (visit New Cinnabar Lab) - Mom saves your money has been redesigned into a bank account, available from any PC Johto and Kanto Game Corners Corners Various prizes - Total number of prizes have been increased- Gym Leaders and some trainers have The Ultimate Text-New Mentor event will try to teach any moves, give out exclusively at events - This is also reflected in the trained TM, Any event moves that also TMs can now teach directly.- Moving Reminder NPC was added to the home of Move Deleter in Blackthor City-Movement Tutor now takes cash and is available from the beginning before both game Corners'ity-life changes: - Nurse Joy now turns you around at the end of its script second heals-function reset clocks available in the continuation menu and does not require password-magnet train free-removed name Rater restrictions- Overworld poison disappears on 1HP-Baby man appears outside the fence - Goldenrod NPCs have also been moved from the main street- Odd Egg is now the perfect shiny or has decent DVs Instead of the original flat 0's - the probability was recycled so Magby and Elekid are more likely than Kleffa and IgglyBuff-traded obedience was rescaled to be 10x the current icon count of 2 icons up to Lv 20, 3 icons to Lv 30 etc - Except for 1 icon that is up to Lv 15.- Clicking SELECT on the Gear Phone screen cleans the numbers not the default-bill will call you when your box is full and switch it to you if you have room.  
5. New options: Fast Continue: - Four different download options: Normal: Normal: Full Intro Sequence: Screen Name: Menu: Menu: Main Screen Menu : Fast: Download directly in overworld - Available in options menu - Can also be used by holding the combo button when downloading : Normal: Select: Select Menu: Select: Start meeting: - Fancy: Normal Textquick Nurse: - Skips dialogueAlways run: - Inverts B button works when it's on, hold B walk rather than work. Gear Colour: - Changing Gear/Color Map to one of the eight optionsPack Colour: - Changing the color of the item pack to one of the eight optionsThe latest fly: - Home: Default fly icon on the New Bar/Pallet - Save: Remembers the last flying cities for both regionsSee also: Music Menu  
6. Shared improvements:Visual:- Added new 251 overworld/menu mini sprites- Many shiny palettes have been updated to modern colors - Some normal sprite colors have been tweaked, a - See: Modified Sprite palettes- The new gray and purple overworld sprite color world sprites now have morning/night palettesGen 2 glitch fixes: - Kurt specialty balls are now working properly - Ditto Conversion Assumption Failure Has been corrected - PAR/BRN/PSN now properly affect the rate of catch - Size related bugs are correct - HP HP Animation Error Fixed - Slot Machine Sound Bug Fixed - 0.4% Massage Happiness Error Fixed - Evolution Of Stone Error Fixed - Experience Text Error Fixed - Enemy Coach Not Healing Nightmare Fixed - Experience Pouring Glitch Fixed - Ellipsis Fixed- Stadium 2:- No Longer Requires Savings in the Center - No Longer Require 150 Caught for Transmission. Elite Four:- Required 8 icons to face-New, more complex set of trainers-original set can still be challenged at any time using BATTLE SIM - Located in the Indigo Plateau building (which does not require 8 icons to get to) - The rooms have been redesigned with new themes and new animations- After winning over E4 once, Teams Are Much Stronger- Mt. Silver Champion Based on Region / Map Changes and Additions: New: - New Island Sinnabar - Blain Gym - Cinnabar Tunnel - Moltres Camera - Route 40 Olivine Fast Ferry Service - Cianwood City Fast Ferry Service - New Cinnabar Island Fast Ferry Terminal - Route 19 Fuchsia Cities Fast Ferry Service - Route 25 Cerulean City Fast Ferry Service - Route 24 Cave - Cherrygrove Bay - Cherrygrove Bay CavesPort: - Virid Forest - Sinnabar Mansion - Sea Sheeppa Islands - Powerhouse - Pewter Museum - Cinnabar Fossil Lab - Cerulean Cave - Safari Area - Also has a new areaMadjor change : - Clair Gym ' - Route 27 - Ruins of Alf - Cianwood City - Route 40 - Route 41 (Whirl Island) - Route 42 - Dark Cave (currently used as a shortcut to the city of Black Small changes: - City pallets - New Town Bark - Route 24 - Route 25 - Route 46 - Burned Tower uses the time of day paletteMany cards in Canto have also been restored to Gen 1 size.  
9. Availability and Compatibility: Availability:- See Wild Data Changes - See Legends and Stationaries - See. HM Accessibility-Area feature Dex has been improved to be more useful: From the beginning-You Can Unlock seen data on the screen the Dex-Tradeback NPC option has been added to help with trading based on evolution - can be found on the ground floor of Goldenrod/Celadon Department stores-Fishing has been tweaked to have greater variety between rods/multiple areas. This means That Old Rod is not only Magikarp Rod anymore.- Map and HM rework allow for many areas that will be available earlyCompatibility:- No new moves - No additions for 251 from later genes - No physical/special split - No compatibility to break bugfixes (see: drum belly, Dragon Fang, etc.) - Non-canon wild data does not exist, however no new stadium conservation is not used. For example, you can fish in New Sinnabar, but the caught data will just say Cinnabar.- Confirmed with Stadium 2, GSC, and RBY through the time
