GOLDILOCKS AND THREE BEARS on this famous evil little fairy tale Never had to be put up for sale It's a mystery to me Why loving parents can't see that this is actually a book about a brazen little crook If I had a chance I wouldn't clap young Goldilocks in prison Now just imagine how you would feel if you cooked a delicious porridge meal , steam hot fresh coffee in a coffee pot with maybe a toast and marmalade table beautifully put one place for you and one for Daddy Another for your little guy Then Daddy cries: Golly-gosh! Gee whistling! Oh, cripps! As hot this porridge, let's take a walk down the street until it's cool enough to eat. He adds: Early morning walk is good for people in general It makes your appetite improve it also helps your bowel move. No proper wife would dare to question such a reasonable sentence not at breakfast, when men are rarely in their prime. No sooner had you down the road than Goldilocks, that little toad this nasal stealing little louse comes secretly in your empty house She looks around, she quickly notes three bowls brimful of porridge oats and, still standing on her feet She grabs a spoon and starts to eat, I say again, how would you feel if you did this beautiful meal and some offenders a little tot broke and burned a lot? But wait! It's not the worst right now comes the most depressing bit of you, of course, the wife houseproud And all your happy married life You've put together lovely things like the guild of cherubs wearing wings and furniture Chippendale Bought at some famous auction sale But your most special prized treasure piece that gives you endless pleasure is one little children's dinner chair Elizabeth, very rarely It's actually your joy and pride has passed on to you on the side of your grandmother's side. Like many freaks don't appreciate antiques She doesn't care, she doesn't mind and now she plomks her fat behind on this delicacy precious chair and crunch! He bursts beyond repair. Oh Lord! What a shame. Not Goldilocks, she starts swearing that she roars: What a lousy chair. And used one disgusting word that fortunately you've never heard of (I dare not write it, even a hint of it Nobody will ever print it) You'd think that by now this little skunk would make sense to make a bunk But no, I'm very sorry that she hasn't finished yet deciding that she'd like to rest She says: Let's see which bed is better. Upstairs she goes and tries all three (Here comes the next disaster) Most educated people decide to get rid of socks and shoes before they clamber into bed But Goldie didn't give a shred of her dirty shoes were with dirt and dirt and porridge and slush and mucus Even worse on the heel one was something that the dog did I say again What What You might think if all this horrible dirt and stink was smeared on your eiderdown this disgusting little clown (the famous story has no clues to show the girl took off her shoes) oh that crime story let's check it out a second time. Crime first, the charge is the case it breaks down and enters someone's place. Crime two, the prosecutor notes that she steals a bowl of porridge oats. Crime three, she breaks the precious chair Belonging to Baby Bear. Crime four, she smears every flawless sheet with dirty messes off her feet. The judge would have said without blinking Ten Years of Labor's call. But in the book, as you'll see the little beast coming out Scottish for free while the tiny kids are near and away screaming, goody-good! Cheers! Cheers! Poor dear Goldilocks, they say, thank God she escaped. Myself, I think I'd rather send a young Goldie to the sticky end O Daddy exclaimed Baby Bear My porridge is gone, it's not fair! Then go upstairs, Big Bear said: Your porridge is on the bed, but as it is inside Mademoiselle you will have to eat it as well. This famous wicked little tale should never have been put up for sale It's a mystery to me Why loving parents can't see that this is actually a book about a brazen little crook...
