Cookies are small data files. When you visit a website, the sends a cookie to your computer. The computer stores it in a file inside the web browser. Cookies don't transmit viruses or malware to your computer. Because the data in the cookie file doesn't change when it moves back and forth, it doesn't affect your computer, but it's more like logs (i.e. they record user activity and memorize government information), and they're updated every time you visit a website. We can get information about you, access the cookies sent by our website. Different types of cookies track different activities. For example, session cookies are only used if a person is actively moving around the website. As soon as you leave the website, the cookie session disappears. Why are cookies useful? We use functional cookies to analyze how visitors use our website, as well as to track and improve the performance and functioning of our site. This allows us to provide high quality customer service by quickly identifying and eliminating any problems that may arise. For example, we can use cookies to track which website pages are most popular and which method of communication between the pages of a website is most effective. The latter also helps us keep track if you have been referred to us on another website and improve our future advertising campaigns. Another use of cookies is to store login sessions, which means that when you log in, session cookies are installed to make sure that the website remembers that you've already logged in. If the website has not installed this cookie, you will be asked for your login and password on each new page as you progress through the funding process. In addition, functional cookies, for example, are used to enable us to remember your preferences and identify you as a user, to ensure the security and more reliable and efficient operation of your information. For example, cookies save you problems with typing a username every time you access our trading platform and remember your preferences, such as what language you want to see when you log in. Here's an overview of some of the features that our cookies provide us: Checking your identity and discovering the country you are currently visiting from browser type check and tracking devices, which site the user has been transferred from providing third parties to customize content accordingly This website uses Google Analytics, a web analytics service provided by Google, Inc. (Google). Google Analytics uses analytical cookies placed on your computer to help the website analyze the use of the website Information generated by a website use cookie (including your IP address) can be transmitted and stored by Google on their servers. Google may use this information to assess the use of the website, report the website and provide other services related to the website and Use. Google may also share this information with third parties where required by law, or when such third parties process the information on behalf of Google. Google will not link your IP address to any other data. Using this website, you give your consent to Google to process the data about you in this way and for the purposes set above. Change your settings Please choose what types of cookies you want to store on your device. Device.
