This article or section refers to the extended version of the content in Xbox One, PlayStation 4, and PC rendition of Grand Theft Auto V and/or Grand Theft Auto Online, which is not available on the Xbox 360 or PlayStation 3 version. A full list of features of the improved version of Grand Theft Auto V can be found here. Clubhouse Motorcycle ClubsGTA Online ProtagonistSindy'ach This page is about property. For the game element, see Business Operations, see Open Road. Clubs are purchased real estate in Grand Theft Auto Online, added as part of the Bikers update. The contents of the show description clubs can be purchased in the maze of foreclosure bank and can have several decorations as well as additional services. After a player chooses the desired club for the first time, the introductory cutscene plays where Malk (a character from Lost and Damned) welcomes the player to the new club and explains how the motorcycle club works and features. There are recreational facilities available to the crew, including darts, jukebox, Arm Wrestling, among others. Malk explains that the player needs perspective to join the club and how to establish a hierarchy. Malk then explains about the jobs that appear on the bulletin board. The garage is an important feature of the club, where you can store up to ten bikes. If the bike shop is purchased, it will be available on the corner of the garage and works just like Los Santos Customs and Benny's Original Motor Plant, only it is exclusively for bikes. MC members are still paying for the changes to zack, who runs a bike shop at the club. Gun Locker (if purchased) works in the same way as its office counterpart, allowing players to store weapons and equip only what the player needs. Malk also explains the presence of a laptop with access to an anonymity network, which refers to a network server called The Open Road, where the player can choose and conduct an illegal business. Once everything is explained, Malk tells the player that he will be in touch if the player takes any of this club business, but otherwise they can enjoy the place and leave the club. Layout Depending on the club, there are two main differences in terms of the internal layout and distribution features of the club: layout 1 the first single-storey interior of the building, where the main entrance leads to the bar, as well as the lounge room. Next to the bar, there is a boardroom where the MC reunites to start any of the MC jobs. Opposite the entrance there is an office hall, where there is an Open Road laptop and the owner's bed, as well as a bathroom, access to which through a wooden door. Next to the recreation room is a garage area where bikes are stored in a small area in front of the entrance to the garage and bike shop located on the left side of the same garage door. Layout 2 Second is the two-size-old interior of the building, where the main entrance leads to the garage area, with bicycles stored on the right and a bicycle shop on the left. The meeting room is located between the bike shop and the bathroom, while the ia office room is located next to the bike storage area. The set of stairs provides access to the second floor, where all recreational facilities are located. The bar is located on the corner right in front of the stairs. MC Jobs clubs include a bulletin board that tracks various statistics for the MC. A variety of jobs will randomly post 3 at a time, for the player to choose one. Map Location Club Map. Places Clubhouses Clubhouse Location In the game description Price Del Perro Beach Clubhouse (Layout 1) 7 Del Perro Beach This functional ground floor property is used to soup the kitchen, and repossessing this kind of attack on American values is not just business for us - it's fun. Now available to purchase a patriotic entrepreneur or thief-in-law, this place will serve the community again soon. \$365,000 Downtown Vinewood Clubhouse (Layout 2) 2214 Clinton Avenue Doesn't Just Sit There Devouring Welfare and Compassion. Stand up for a trickle down the economy today. Dip capital back into your community. Buy every last abandoned and turn it into a lively, breathing, buzzing hive of fugitives and methamphetamine heads. It's time for a change, folks. \$472,000 Grapeseed Clubhouse (Layout 2) 2111 East Joshua Road If you're looking for somewhere that's off the beaten track you just found it: miles from everywhere, considered dangerous by the Los Santos Building Standards Commission, and the last tenants killed in a murder-suicide pact. How many full-time privacy assurances do you need? \$225,000 Great Chaparral Clubhouse (Layout 1) 101 Route 68 We all thought there was a cliff bottom but no turns out to be the value of the place as it just falls and falls! Get it done before we burn it for kicks. The authorities just want to forget about it there, so go crazy. The \$200,000 Hawick Clubhouse (Layout 2) 1778 Hawick Avenue You know the property must be something really special when previous tenants have such a hard time letting go. You just can't fake this kind of helpless desperation and rage, and in a world as cynical as this, that's the best review of all. \$495,000 La Mesa Clubhouse (Layout 2) 137 Capital Boulevard Locals have speculated that it was abandoned, but in fact this spacious warehouse has been the heart and soul of the Los Santos tobacco industry for years. Now the tax increase is forcing these groundbreaking filmmakers out of business, so this is your chance to buy your way under the radar and stay there forever. \$449,000 Paleto Bay Clubhouse (Layout 1) 1 Paleto Boulevard to suggest that it's a glass-half-empty place, but but Paleto believe that glass is actually half full of real estate prices, disenfranchised workers and raw materials opportunities. That's right, this dark storage unit is a step towards a brighter future for all of us. The \$242,000 Paleto Bay Clubhouse (Layout 2) 68 Paleto Boulevard Course, America's coastal small town has a mile-by-mile exclusion of retail space within fifty feet of a church and gun shop, so why choose this one? Well ask yourself: can you come up with a better way to mingle and disappear? Act now before it stops making sense. The \$250,000 Pillbox Hill Clubhouse (Layout 2) 75 Elgin Avenue repo guys who raided the site died of smallpox three days later, almost certainly a coincidence and had no impact on property valuation. And hey, worst-case scenario, you couldn't pay for a more reliable security system. \$455,000 Rancho Clubhouse (Layout 1) 1334 Roy Lowenstein Boulevard This little gem is located so snugly in the heart of long-standing urban squalor that we forgot that it was even on our books. As far as we can tell it's not on any real estate registry, so just give us the cash and make it disappear. \$420,000 Sandy Shores Club (Layout 1) 47 Algonquin Boulevard Are you a real top fixer? Can you share a cool desert evening with packs of wild dogs and openly incestuous couples? If so, this is the project for you. He has nothing but potential. The \$210,000 Vespucci Beach Clubhouse (Layout 1) 4 Goma Street You know the tough times when not even a million hipsters get tattooed swallows in flight on their spot can save this place from going under. Bad news for those who would like to follow up on that bold but simple triangle design, but rock the bottom pricetag is good news for you. The \$395,000 Renovation Player can choose a wide range of customization options for the club. Once each item is selected, the total amount will be shown so that the player can ensure the options are available for their money saved and confirm. Settings Settings Option Description Feature Image Price Mural How Many characters of sex, relationships and self-destruction can you fit on one brick wall using only acrylic paint and spit? The \$320,000 Custom Bike Shop you're a patron of the arts, and the support of the local craftsmen is what you're all about.
