This hero is very popular and has been in many games of different genres. Now he's got to the strategies. The main task here is to capture territories, create and improve the settlement and army. There are three levels of difficulty, depending on which gameplay becomes easier or more difficult. As with any such strategy, it is necessary to set up a camp, hire troops and manpower, and extract resources. There are also plot quests, for the performance of which accumulates gold and experience. It is also necessary to fend off the raids of enemies and to carry out attacks. The player must not only show the talents of the politician and commander, but also modernize the arming of soldiers for the most successful course of battles. Stick War: Legacy is a great example of a strategy that combines familiar gameplay with unusual characters. This mixture will appeal to fans of the genre and fans of games about thin men. Max Games Studios Android 4.1 version: 2020.2.29 \$0 Stick War: Legacy (MOD, many stones) - another not less well-known and popular game from the series of stickmen, but for this time your main task will not destroy hordes of monsters or zombies, here you will become the commander of a large army. Manage men and capture enemy territory. Becoming the ruler of the entire continent, and all the lands that surround you, Stick War Legacy mod apk is made in the usual all style, and has excellent and intuitive control. Updated to 2020.2.29! Andro-Mod Game Mod Stick War: Stickman Battle Legacy 2020 (MOD, Lots of Money) Stick War: Stickman Battle Legacy 2020 - an unpretentious military-tactical strategy with a multifaceted system of economic development and a pair of adversarial regimes forcing the destroying of enemy settlements. Events in Stick War: Stickman Battle Legacy 2020 unfold exclusively on the scale of a single story - to compete with strategists found on the network, will not have to start or closer to the finale. However, even artificial intelligence will not make you bored: each enemy is aimed at victory, and therefore will have to experiment, recruit different soldiers and hope for the favor of fate. An alternative option is to download the mod for money, to upgrade and throw yourself into battle prepared at 100%. Stick War: Legacy - these games have been gaining in popularity lately. Here and here before you an interesting strategy, which is sharpened primarily on the battles, economic development is also present, but it was given much less time. Your only significant advantage is developed technologies that will allow you to win decisive victories over the enemy. But don't forget that your other adversaries have their own technology, You won't hesitate to use against you. Each tribe has its own unique technology, someone exercises in archery, while others actively apply magic in battle, you will agree, this will make the game especially interesting and original, so Stick War: Legacy is necessary. Your only chance to win is to attack first only so you can win before the enemies prepare and destroy all their forces on you. In the game, you will both manage an army, and take control of individual units. As you pass, regularly buy new units that will make your army stronger. And also buy a unique and effective weapon, which in turn will strengthen your units. It is impossible not to mention the process of the battle, which here is also very interesting you have to initially plan your strategy, the enemy acts quite thoughtfully, does not make quite stupid mistakes, so you can not relax in any case, you should only make one key mistake, as the enemy does not fast to use it. Just the battles look beautiful outwardly, your warriors bravely fight using all sorts of and it all looks pretty brisk. The game is perfectly optimized, so it should go perfectly on any smartphone or tablet. Another significant advantage can be considered that the developers regularly improve the game, adding here a lot of new features. So in the future the game will be even better, about this can be said quite boldly. Stick War: Legacy - a strategy in which you have to take control of a huge army and thanks to it to capture all the territories. In this game you will command an army that consists of hand-drawn men. Your main task will be to attack the territory of rivals, and capture them, not giving not a single chance to enemies to win. Your territories on all sides border on aggressive neighbors, so take the courage and attack first, without waiting for attacks of opponents. Gather your army from various combat units such as swordsmen, archers, spear throwers and others. Gain valuable resources and learn new technologies that will help you strengthen your army.
