Welcome back to Naruto-Arena, your not-so-new tune-up for your game! We took this time out to make some changes to the game itself and free our site from the copyright chains. In this post we are going to point out every change the game has had to the end. It's a huge post, so let's get started! CUSTOMIZABLE AND ORIGINAL! (For any doubt about this topic, go to our discord!) This game is still called Naruto Arena, but now you'll be able to customize the characters so everything (except their skills) in your game will be customizable. This means you can upload 75x75 photos of everything you want to put in your Now they can be from any anime you want or not even anime at all if that is your wish. You can also change character names, character descriptions, skill names, photography missions, in-game visualizations and site visualizations! Get ready to do Naruto Arena Naruto Arena yours as it never was. For now, the standard version of naruto-Arena (without customization) will be an empty space with iD versions of the characters. This will help you see what characters players use during the match. The characters you see in the opposing team will be the same as the ones you've downloaded. You won't see their settings, just your own. This system allows you to upload your own photos to all the characters. For a better explanation, or some kind of tutorial, check out the video below! But don't worry: If you're not ready to download your own settings, here it goes some options: Our base of players is highly made with Brazilian people and portuguese-speakers at all. We thought it would be a good idea to give these players the opportunity to play the game in their own language. A new button called Portugas do Brazil appeared on the front page. Click there if you want to have not only a site but also a game entirely in Portuguese! You can click back anytime on buttom, which will appear English to get your game back into English. With the return of the game, we certainly have a change in the way you play. The new class system is somehow different from the old one. Classes were removed, classes were added and classes were changed. All symbols have already been modified to fit the new class system. Check out the game guide for more information! NEW CHARACTERS! You guys were certainly happy for that. We're bringing in 5 new characters in the game with his return. Over the next weeks, you'll see more of them coming! (Download your photos too or find a theme where they already make up the characters!) (char191) (char192) (char193) (CHAR194) BALANCE IS CHANGING!
