By no means is UWorld going to do the job for you, but it's true that the issues are almost exactly the same as the NCLEX and UWorld tests even look almost the same as NCLEX itself. I took my first grade the week before my NCLEX and got a high chance of passing, after performing about 100 practical questions a week for 6 weeks. I then did 75 questions a day this week and took my second grade the day before my NCLEX and got a very high chance of passing. On the day of the test, the exam was turned off for 75 questions, and I knew I had passed. UWorld was worth 100% of the money. But don't just prepare yourself to answer 75 questions, because then you won't have the mental stamina to continue if you don't pass at 75 (which means nothing). I recommend doing at least 100 questions in one sitting 3-4 times before taking NCLEX. Also, the tutor mode is useful at the beginning, but I would like to disable it after 1-2 weeks of training because it would be better to simulate the NCLEX experience without it, but still read the rationale for each question (regardless of whether or not you answered it correctly). We do not accept cash in the mail, currencies other than U.S. dollars, or fax payments. Customers who buy our CPA Review product can finance their purchase with Affirm at the time of ordering. Your eligibility depends on your credit score and other criteria, according to the Affirm policy (outlined here). Soft credit check, credit check that does not affect your credit score, will be performed to determine your loan eligibility. You will need a bank account in the US to qualify. What is your refund policy? All returns are evaluated on a case-by-case basis for products purchased directly from UWorld. One thing has nothing to do with another. The refunds determined by UWorld are final. In-app purchases: We can't process refunds for purchases made through the mobile app (in the app). Please contact Apple for all refund/credit requests for purchases in the Apple app. USMLE Step 2 CS, Step 3 CCS, Subject Reviews and Self-Assessment Exams: These subscriptions are non-refundable, non-transferable, and cannot be converted to another subscription. CPA Review: Students can request to cancel their CPA product review only within 10 days of activating any of the materials. To qualify for a refund, no more than 10% of the course (lecture, bank or combination) can be used in the exam section. All CPA Review refunds are subject to cancellation fees of \$75 (for one purchase section) or \$250 (for package purchases) as well as any applicable transportation fees. No return is required. All other banks: Refunds are considered for subscriptions for more than 30 days. Amount based on the number of days that have passed since the subscription began, or the number of questions you use, depending on what constitutes a higher deductible. Scenario example: script: individual purchases of a 180-day subscription to the bank and generates several test blocks equal to 20% of the issues in the eubank. After 45 days, he/she asks for a refund. Because the expiration time exceeds the percentage of questions used, the refund amount will be based on a subscription converted to the nearest duration (60 days) by deducting the applicable 60-day subscription fee from the refund. In the same scenario, if a person used 85% of the questions, the refund would be 15% of the subscription fee. Note 1: A processing fee of 10% (minimum \$10 and a maximum of \$25) will apply to all refund amounts. Note 2: All refunds, pro-rated or otherwise, must be requested within 360 days of the initial purchase. Refunds for purchases made more than 360 days ago will be issued non-refundable, not subject to transfer credit to the store. Note 3: Subscribers must notify UWorld of their intention to receive a refund before activating a subscription (or) within an active time period. If you use the reset option or all questions are used, no refunds are allowed (see I want to reset/delete my testing history to the bank (or) start over, is it possible? below for more information). There is no refund for the overdue subscription. Note 4: A personal subscription fee will be charged for combined package purchases when calculating the return. If any self-assessment exam (s) is used from the package, the entire purchase is irretrievable. Note 5: Although access to banks through certain mobile devices is provided as an additional feature, it is not intended to replace access to the computer, and no refunds or cancellations will be made due to the user's inability to install and/or use the software provided on any mobile device (regardless of whether the device meets the minimum system requirements). How do I renew/renew my subscription? Please use the following steps to buy an extension for your subscription: Log up your account on our site Click to the user icon in the top right corner of the screen Click to the Update button, appropriate to your subscription Choose the duration of the update you want to purchase Verify information about your profile, address, and educational status, and then click Update in your billing address and credit/debit card information, and then click Order/Verify Review that the correct package is in your shopping cart and click Place Order Upon successful deal, you will be sent confirmation of the email receipt. The extension is an extension of time to continue access to an active subscription, and it will not start a subscription, provide a reboot or provide access to additional issues that previously Unavailable. Since the extension is an extension of an already active subscription, it operates from the existing expiration date, not from the date of purchase, and cannot be deferred in way to start with a later date/time. Please note that in order to qualify for a price extension, you will need to extend the rate until it expires. There is no extension of the expired subscription. If you have not been able to secure an extension before the expiration date, you will need to purchase a new subscription at the normal price directly from our site to restore access to the material. Can I upgrade or lower the cost of buying a subscription? You can request an update or a downgrade of your subscription purchase until it is activated. When you buy a combined package, all subscriptions included must be unused. Please keep in the information that current subscription prices will apply. If your subscription is activated, unfortunately, we can't update it retroactively. If you want to downgrade your rating, please refer to our refund policy for available options. Do you offer shorter durations or custom packages? We do not offer custom durations (s) or combined packages other than those outlined on the website. Please refer to our purchase page for currently available subscriptions (including discounted combined packages for some products). The self-assessment exam is 14 days each. Subscribers whose active subscription has not expired can purchase an extension of 7 days or more at any time before their active subscription expires. Please refer to the relevant course description page for updates. Can I get a guest account or a free trial? We offer a demonstration on each of our product pages that contains a sample of the product interface and a few examples of questions. We do not offer guest/test accounts to test our software and view materials. Can I buy a subscription as a gift? You can buy a subscription as a gift to someone else. However, the recipient will have to register an account on our website (or have an account registered to them with their profile information entered accurately). If a user is present at the time of purchase, the purchase can be made from their account on our website using any credit or debit card with the Visa, MasterCard, American Express or Discover logo. If the user is not present, or if you want the gift to be a surprise, please contact support directly using the contact form to arrange a gift subscription payment. You will need to provide a registered user's email address so that the account can be found.
