Take the problem of the set of departments he teaches at the university. He holds a doctorate in organizational psychology from the University of Michigan and is a consultant to companies such as Facebook, Google, Apple, Pixar, Merck or Goldman Sachs. She has over 60 articles published in some of the most prestigious psychology and management scientific journals in the world. He received awards for academic excellence from the American Psychological Association, the Academy of Management and the Society for Industrial and Organizational Psychology. His research has been featured in bestsellers such as The Silence of Susan Kane, Drive and Sale Man, Daniel H. Pink, Thrive, Arianna Huffington, and David and Goliath, Malcolm Gladwell. His entire career has been built on the theory he presents in Give and Receive: the most successful people and the most productive employees are also the most generous and selfless. (...)
