Home BEST SERIES English Learning SPEAKING SpeakOut Second Edition Of All Levels Free download SpeakOut Second Edition is an English language course that includes video content from the BBC to attract students and make teaching easier. It follows a balanced approach to topics, language development and skills. The speaking activities are prominent, but not at the expense of other basic reading, writing and listening skills that are developed systematically throughout. Building trust in The English Authentic Language, Real World Language, Complex Language and Language Recycling creates students' confidence in context and communication. Clips from bbc programmes and street interviews expose students to a wide range of languages and accents, accom pictures of them in English, they say. Speakout encourages students to talk and write about their own experiences to help them as they practice. Clear goals in each unit help students focus on what they will achieve so they can see how they are improving. BBC clips are fun for your students - and you - to watch and encourage students to learn. Speakout gives students the practice of working together and builds the communication skills that are necessary for learning and the workplace. The GSE/CEFR display helps students track their progress and see the urgency of what they are learning.
