indefinite article is used: when it comes to something or an unspecified person. Example: Lena is Lara's friend. (one of several) when you mention something for the first time in the text (introductory value). Example: Lena bought ice cream. If the name is preceded by an adjective, it becomes a multiple perpetual article. Example: Lena and Lara bought a good ice cream. The form of a particular article is a special male, female singular (when the next word begins with a vowel) and plural (female and male). A specific article is used: when a particular thing or person is identified. Example: Lena is Francois's friend. when we talk about a person or things are already identified or when we make a generalization. Example: It turns off the lights. after love, worship, preferring, hating example: She loves horses. A particular article and preposition over it is a contract and form only one word: When we say an unspecified amount taken from the whole, we use an article (male), (women). There is no plural. The article is used, among other things, to refer to: unconverted things that cannot be counted. Example: You should buy water and coffee. different sports (with to do) and musical instruments. Examples: He's a football player. He plays the flute. The article is omitted in the following cases: the names of cities Example: They live in Paris. Days of the Week Example: We saw it on Monday. Example of months: I was born in July. Design type transport Example: Have you traveled by train or car? trades in general context Example: It is a working, but to refer to a particular person: I know the working, feature: It's a good worker. Religion Example: He is a Catholic, but appoint a specific person: It is a Catholic who goes every day to Feature: He's a good Catholic. If a partial article is needed, one uses without an article in the following cases: with the quantitative data, except good, large, part, majority and half Example: I drank a lot of coffee. Example: He no longer has water in the glass. On the other hand, some verbs and expressions built with de lead to the omission of the article. Examples: I need money. I want strawberries. Our French online exercises are designed so you can learn the rules of grammar for this chapter online. In addition, you will find explanations and tips in the answers to understand the correct answer.
