Please read this important safety information before using a safety information device. It contains general safety information about the device and may contain content that does not apply to the device. Follow warningand caution to prevent injury to yourself or others and prevent damage to your device. The term 'device' refers to products and batteries, headsets, speakers, chargers, items that come with the product, and Samsung-approved accessories used in the product. Failure to comply with safety warnings and regulations can result in serious injury or death, avoid the use of damaged power cords or plugs, or loose electrical sockets due to unsecured connections that can cause electric shock or fire. Do not touch the device, power cord, plug or wet hand or other wet body parts and electrical sockets may cause electric shock. If you do not over-pull the power cord when removing the power cord, you may experience electric shock or fire. Do not bend or damage the power cord. English (UK) 2 devices do not use the device with wet hands while charging can cause electric shock. If the positive and negative terminals of the charger are not directly connected, it can lead to fire or serious injury. Do not use your device outdoors during thunderstorm Samsung EP-N5100TBEGUS | File type: PDF | File name: 55271027_ep-n5100tbegus.pdf | Size: 5.9 MB | Language: English | Other documents: 1 file.
