I want an automatic flip switch, sometimes vehicles in a position can't be undone by the game's sensors. And it will help in the race. I want at least one more map, it could be in the woods. A group of small islands or one of the tracks, like the way DD2 has demo derby arenas available in freeroam. I also want a monster truck or Formula 1 car in the game. Thank you goodbye!! Spoodle Bum: This game is absolutely awesome. The game is perfect to burn time in an entertaining way. There are many cars and tracks to race. As well as online mode! The only thing I want to see in Game 3 is NASCARS. One of the era of the era track, one from the mid-90s and one from this year. It's a great game. I just wish there were a few NASCARS races on the highway and watch them break down during replays. Harvey 919: I love the game. It was great and I enjoyed playing it.
