He has been hated and reviled for centuries as a traitor to Jesus Christ-close friend who sells him for 30 pieces of silver. But history also records other information about Judas Iscariot. One such reference was written in 180 by an influential church father named St. Irene, who opposed the Gospel of Judas for depicting the last days of Jesus from the point of view of the disgraced apostle. In its pages, Judas is a favorite of Christ. This is a strikingly different story than the one made over the centuries. After she was condemned as a woman, the gospel of Judas disappeared from view. It became one of the forgotten manuscripts of history. Still. Unlike the Gospels of the New Testament, Judas Iscariot is presented as a role model for all those who wish to be disciples of Jesus and are the one apostle who truly understands Jesus. King, world-renowned religious experts, explore in detail the meanings of this controversial gospel. Robinson, an expert historian of early Christianity, explores the Bible and other ancient texts and shows what we can and cannot know about the life of historical Judas, its role in the crucifixion of Jesus, and whether the Christian Church should reconsider its intentions and possible innocence. Narrative Critical Interpretation of the Gospel of Judas Author: Lindsey Sandul Publisher: ISBN: Category: Page: 155 View: 278 DOWNLOAD NOW The Gospel of Judas was found in the 1970s in Al-Minya, Egypt. After a series of strange events, this long-lost gospel was restored, translated and published in April 2006. The National Geographic Society financially supported the project, which featured an English translation, a commentary on the gospel and a television documentary. This gospel tells the story of Jesus and his disciples in the days leading up to the crucifixion. In particular, the narrative focuses on the dialogue between Jesus and Judas Iscariot. Although the initial reaction to the Gospel of Judas sought to atone from his ill-fated reputation, further analysis revealed a negative image of his character. Indeed, a characteristic that uses a narrative-critical approach to interpreting this gospel clearly supports the idea that the figure of Judas Iscariot is characterized as a demon. Jesus is the central character, and as such is the main character of the story. It is Jesus who is divinely revealed by the mysteries of the kingdom and in the last days. Judas plays a significant role in the plot, but since the implied reader develops a negative relationship with him, he can not be the main character. Judas, on the other hand, plays the role of a deuterist. He is the second largest character in the story and acts as a subordinate to Jesus. The Gospel of Judas is a valuable document because it reveals aspects of second- and third-century Christianity. Much of the content of this gospel is shrouded in mystery. A narrative critical approach focused on characterization will cause layers of meaning in the Gospel of Judas. About Divinely Human Nature Biblical Literature Author: Petri Merenhti Publisher: Wipf and Stock Publishers ISBN: Category: Religion Page: 134 View: 465 DOWNLOAD now Bible bewildering book. It combines primitive beliefs with eternal truths, oscillations between compassionate love and ruthless violence, and forms a sympathetic celestial father from the remains of a wild tribal god. What are we going to make of all this? Petri Merenlahti goes through a fascinating journey through biblical literature and returns with the original theology of imperfection. Looking at the Bible through the lenses of history, culture, literature and psychology, he encourages his readers to let go of the idealized image of Christian Scripture and accept their limited human nature. This is vital, he argues, because false idealization and psychological division are the main sources of religious fanaticism and violence. Merenlahti insists that we make the difference between a smaller God of the human imagination and a transcendental God who must remain beyond it. Then we will be rewarded with wisdom, not fanaticism, mercy instead of moralism and peace instead of hatred and guilt.
