FreeFlow Free is an exciting game to kill your time. It requires you to connect the appropriate colors with the pipes to create a stream and cover the board, once you do, you are welcomed to the next level, but it is not easy to do as it seems, because of the fact that the pipes break if they intersect or overlap. Download from Google Play Store11. AnonyChatHave no friends to communicate with? How about chatting with random people as you try to kill your time over the internet? Using AnonyChat, you can communicate with anonymous strangers and even send them photos and more. It also comes with appropriate matchmaking based on language and interests, so you get to communicate with like-minded people. Download from Google Play Store12. Meme Generator FreeMemes are a great way to laugh and have fun, but what if you can create them yourself? Discover your creativity with this meme generator app, create different memes and quotes using different fonts and images, and you're good to go on sharing with friends and fam. Download from Google Play Store13. DuetDuet is a very complex and brain-eating game. It requires payers to control two spheres rotating in the same orbit, and bend the blocks that on them. You have to control the same thing in two vessels on the screen, which is also synchronous, without losing on calm. Trust me, you have to be so calm and focused to win this unusual game. Difficulty pacing after each level, after all, be sure to keep save eyes on the blocks. Download from Google Play Store14. Crossy RoadCrossy Road involves you choosing the right time to cross the road with moving cars, a railway bridge or cross a deep and stormy river with lots of obstacles in your path, as well as keeping in mind the speed led by the animals throughout the gameplay. The main motive is to let the animal character cross a busy road without collapsing. There are 50 characters performed in retro style and pop art in various scenarios like river, barriers, and crossovers adding to non-stop fun. Download from Google Play Store15. Happy GlassHappy Glass is a game where you have to draw a line from where the water will flow and make sure it fills the glass. There's a lot of physics in this game, so you have to think where and how you draw the line so that the glass is filled successfully. It's a lot of fun and we're sure you'll enjoy it. Download from Google Play Store16. Two DotsThis is basically a simple color matching game that requires you to create squares by doing the same. This adventurous and full-level puzzle game gives you a pleasant tactile vibe after each square is done. If you want a puzzle game that keeps your brain and eyes involved for hours and hours without being bored, then that's the way to go. Download from Google Play Store17. The bottle Flip 3DAs name suggests you have to flip the bottle in this game and make sure it lands perfectly. It's like a bottle flip call. As you continue, the bases (where you land your bottle) begin to move and become unstable. So you have to take your flip accurately, so that it lands in the perfect manner. Download from Google Play Store18. FeedlyFeedly is basically all in one channel to read what you love. You can add your favorite sites to the app in different categories and sections, this will allow you to view all the latest updates from your preferred sites. Feedly also offers widget support on your home screen meaning you can read all the updates directly from your home screen without even opening the app. Download from Google Play Store19. The Galactic WarriorAs name assumes Galactic Warrior is a fast-paced and arena-style action game where you need to defeat waves of enemies using your skills to gain access to gold, armor and achieve glory, all packed into two different modes- unlimited infinity mode and full story mode. Download from the Google Play StoreSo that was all about the best apps that can help you kill some free time. If you have any other apps in mind, then let us know using the comments section below! TV shows, movies and books are all good ways to pass the time during boring flights and long-duration By car. What happens, however, when there is nothing worth watching, or you just don't have the willpower to do it through another chapter? Outside (Good luck with that in a cramped economy-class plane), how else can you get through these endless travel days? Downloading some good time-wasting games on your smartphone or tablet, of course. With hundreds of thousands of titles in Apple and Google app stores, however, it's not easy to figure out which ones are worth playing and which are, well, a waste of time. Fortunately, we are here to help by sharing ten of our favorites that are perfect for long journeys. These fun games, time-ed, have a game clock, are available for iPhone, iPad and Android, and cost less than five bucks. Some of them are completely free! Plague Inc. plague is a very easy game to immerse many hours in. Your enemies here are good scientists who work together to develop a cure for any vile disease you have come up with. If they are successful before you manage to infect everyone on the planet, you lose. The game has been around for the better part of a decade, but it's no wonder it's never felt more relevant than it does right now. The appeal of this game is the thrill of trying to outsmart those brilliant minds who want to eradicate your disease by developing your disease to stay one step ahead. Once you're successful with major types of diseases, new options are unlocked with their own strengths and weaknesses. We are not alone in our love of plague Inc. This famous game topped many of the best lists, with almost a million 5-star ratings to date. Oh h1 Oh h1 is a zen-like way to polish your critical thinking skills. This little logic game is akin to Sudoku, but instead of numbers, you have to fill the grids with red and blue tiles. Several mesh sizes are available, from just 4x4 to 12x12. The bigger the grid, the higher the complexity, and there is an unlimited number of puzzles to solve. There's no timer ticking, so you can play at your leisure. Of course, there's nothing wrong with trying to go for personal best times either. We are fans of the no-nonsense nature of the game. It's totally free without advertising, in-app purchases, or unlockable features. The game is very easy to pick up and play when you need a discreet way to pass the time. Mini Metro After another delay and a crowded ride on public transport, which an experienced traveler didn't think they could do better designing a subway system? Balta-nominated Mini Metro offers you the chance to do just that. Behind the simple appearance of the game lies a serious, at times frenetic, challenge as you strive to meet the demands of the city's growing riders. No two cards ever do the same, adding to the cost of playback. As you master each city, the new becomes Each has its own set of settings, from bullet trains in Osaka to small small cairo, rivers and islands to be accounted for, and more. The game ends when the station is crowded, but you can continue to play in endless mode if you like. Specific challenges are available for each city, some of which will probably take a lot of games to eventually complete. Next time you find yourself stuck on a long train ride, pop out the Mini Subway and engineer the efficient rail line your fellow riders will be proud of. Jetpack Joyride How can a game with just one control button (up) be so exciting? We do not know, but we somehow managed to devote many, many hours to this colorful, detailed lateral scroll. Jetpack Joyride sees you take on the role of action hero Barry Steakfries, taking to the skies with a cool jetpack to achieve a number of goals while avoiding obstacles like rocket launchers and giant mechanical dragons. You can additionally log into the Halfbrick cloud to access game data on different devices. This means you can start the game on your phone and then eventually pick up where you left off on your tablet: perfect for playing on the go or when one device runs out of battery! Jetpack Joyride may be an older game, but the ratings are as high as ever for the most recent versions. Join the more than 500 million players who downloaded it (including us) and be thoroughly entertained. Triple City looks to be deceptive with the cutesy Triple City. This game has managed to hold our attention for hours on end, even among those of us who don't usually go for adorable aesthetics. The purpose of this puzzle is to grow the largest city possible by matching three elements to create even bigger elements. Various enemies and obstacles make life harder, of course, and it will be hard to tear yourself away as you aim to build a sprawling, expensive metropolis. Fortunately, Triple Town is not a battery leak. You can lose yourself in the game for hours while retaining enough juice to find your hotel once you get to your destination. Triple Town was first released almost a decade ago, but fortunately its quality and popularity has not waned much over the years. Sandwich! In Sandwich!, your goal is to, well, build a sandwich. Sounds simple, doesn't it? It's at first, but each level brings with it more fixins. How high will you be able to fold your sandwich without tipping it over? Sandwich! tests your ability to expertly combine bread, lettuce, tomatoes, onions, salmon, egg, and many other standard and unconventional ingredients that get unlocked over time or by spending in-game coins. The fun part? You get to eat any sandwich you successfully Although virtual, so maybe don't play it when you're hungry. With about 250 levels, you will find yourself making culinary creations for hours on end. The game is free to play with ads, but they can get a little intrusive. You can pay to remove the remove If you find yourself playing the game a lot. Crossy Road If you somehow avoid the hype around the critics of Crossy Road, it's not hard to sum up: guide your character safely across the road, avoiding cars, ponds and other obstacles. It's really about everything that's there to it, and yet the pairing of colorful 8-bit graphics and very immersive gameplay has made this game incredibly popular. More than 200 million people have downloaded it, and Crossy Road and its variants are among the most popular games on iOS and Android. This addition doesn't come for free, however: this game will drain your device's battery in a hurry. Make sure you have a reliable portable battery in your bag so you can play for hours without worries. Doug dug it. Ever wondered what happens when you combine Spelunky, Minecraft, and Dig Dug and then throw in a touch of Oregon Trail-like whim? Probably not, but anyway, Doug's answer was dug up. Guide Doug the dwarf through many caves and tunnels so he can find buried treasures. You will have to fend off formidable monsters and avoid the various traps (and pit-falling) that is getting harder to make the further you advance. See how rich you can make Doug in this nostalgia-heavy game that will keep you so absorbed, you want your journey to last even longer. Can. Dev Tycoon Fancy plays video games about video games? Enter the game Dev Tycoon, a business sim that puts you in the shoes of a petty hacking developer in the video game industry in the 1980s. Will you become bigger than an Xbox or go the path of the Commodore 64? It depends on how well you can maintain a balance between a pleasant public, experiment with new ideas, and pay those mounting bills. The drama and suspense that come with witnessing the rise (or fall) of the gaming empire will captivate you from takeoff to landing. For the cost of a latte from a popular coffee chain, you get a pleasant ad-free experience without in-app shopping to worry about. When it comes to wasting game time, the Dev Tycoon game is really where it is at: we literally had to put it down just to publish this post! Project Highrise Rounding from our list is the mobile port of the popular PC game, which is no less addictive on the smaller screen. In Project Highrise you have the potential to topple Burj Khalifa as the easiest piece of real estate on the planet. Build a prestigious skyscraper loaded with houses, restaurants, retail stores and more. Play in open sandbox mode, or choose from a range of scenarios to test how well you can keep residents and/or city government happy. From attracting tenants to maintaining business contracts, Project Highrise Plenty of features to keep you busy for hours. Which games do you think are best for spending time on long journeys? Share them with us in The main image is through JESHOTS.COM, all the rest through the respective game developers. Developers. cool time pass games for android

In this day and age, life has become something of a mad rush to keep up with everything and everyone and make the most of the scoundrel 24 hours a day. This leads to a generation that seems unable to stop and look, but fortunately advances in mobile technology have given us so many options that we will never be left twiddling our fingers. Of course, browsing through your social media accounts is always a possibility, but let's face it, anything that cyberstalking tends to get a bit a lot at times, plus these apps are likely to drain your phone's battery faster. You can certainly install some boredom banishing apps to help you while away from time, while you are bored commuting to a university or office. Here are some of the best trending apps at the moment, and one thing they all have in common is that they will keep you happily busy anywhere from a few minutes to hours. Best of all, they're cyberstalking for free download for Apple and Android devices! A list of the best time killing apps for Android1. Word With Friends This Scrabble-based word game lets you go head-to-head against your friends or random strangers while you hone your vocabulary by creating words with sets of letters. There's even a solo play feature if you prefer to do some workouts on your own before facing competition. Download from Google Play Store2. 2048 Give your brain some exercise with this math oriented game that is surprisingly addictive. Using basic math skills, you will have to swipe the tiles until you reach the number 2048 without being eliminated from the game. It's really addictive and takes you back to those old school days. Download from Google Play Store3. The UpBrain teaser quiz, like this and the ones mentioned above, is all the rage right now. According to research, this is the most popular game subgenre, which is known to attract players and does not allow us to return to more. The little things fans certainly enjoy the quiz.
