Designed to replace a broom and shovel, the KARCHER S650 manual sweeper uses neither electricity nor fuel. To clean households, Karcher introduces its sweeper model, which does not require electricity or fuel. It is easy to clear paved roads with the help of a hand sweeper KARCHER S650. Using a handy hand-drawn pen, two rotary brushes on the front of the sweeper are able to pick up leaves, cigarette butts, paper, plastics and some stones. It is specifically recommended to clean open areas where the surface is horizontal and uneven. Areas where there is more roughness can be cleaned, albeit with great difficulty. Use it to clean roads, parking lots and high-traffic areas. It stands out in its comfort of use, especially for direct trips, no need to take the job of sweeping, collecting garbage with a shovel and then storing it in a container. Thanks to the peripheral positioning of the brushes, cleaning is carried out at the corners and edges. This team does it all, and faster. Recall that the use of this equipment is recommended for home use. Category Tools Home Cleaning Sport and Open Technology

EPI Supermarket Pool Offers Account 0 (s) - 0 Gs. 0 Image is not available for Colour: ReseAs more important Later ReseAs this most important PRICER KARCHER S 650 (Lithuanian origin). Sweep five times faster than with a broom: the comfortable S 650 protects the back and makes it possible. The corrosion and break-resistant sweeper provides a sweep width of up to 650 mm, thanks to a powerful cylindrical sweep brush and two side brushes. It should be used on surfaces from 40 m2. The equipment transported swept the mud directly onto the 16-litre mud tank and convinces it of the extraordinary cleaning results. The sturdy sweeper is easily controlled and extremely manoeuvrable. Extra-long bristles of the side brushes provide a thorough cleaning of the edges. The double-adjustable-touch handle with thermal clutch adapts perfectly to the user's height and, if necessary, can be fully folded for vertical storage in a short space. The mud tank can be easily removed, and can be safely placed and emptied without any contact with the dirt. Two pairs of side brushes (S 650 2 in 1) Standard side brushes for dry dirt plus side brushes with coarse bristles for wet dirt. Great flexibility with two side brushes. Teh Bristles provide a thorough cleaning of even the edges. Do not come into contact with dirt side brushes and cylindrical sweep brushes direct dirt directly into the winding mud tank. Keep cleaning easy: elevator, empty and ready. He's not in touch with dirt. Storage in a small space With a folding thrust handle, the sweepance can be positioned vertically, so it takes up little space. The S 650 is a sweeper with 650mm width sweep and two side brushes for careful cleaning to the edge. Ideal for surfaces from 40 m2. With a 16-litre mud tank, sweep five times faster than a broom: this is possible thanks to a comfortable and thorough S 650 with its back. The tear and corrosive-proof sweeper has a powerful cylindrical sweep brush and two side brushes to sweep 650 mm wide in total. Its use already costs from 40 m2 of the surface. The equipment transports dirt directly to the 16-litre mud tank and convinces with its excellent cleaning results. The sturdy sweeper is easy to operate and extremely maneuverable. Extra-long side-brush bristles provide deep cleaning of the edge. Double adjusting the height of the handle push with the heat handle can be adjusted to the user's height and can be fully folded as needed, for vertical storage takes up little space. The mud tank is easily removed and emptying is done without contact with the dirt. Great flexibility with two side brushes. Long bristles provide careful cleaning of even the edges. A handy mud tank: The dirt will stop directly on the tank, which can be easily removed and emptied. With a folding thrust handle, the sweeper can be positioned vertically, so it takes up little space. With a thermal coating (S 650) and adjustable height (one extension, two angles of adjustment). For a non-evocoy sweep of the back. The mud tank can be easily removed and built so that it can be placed safely. The sweeper can be easily transported. Useful width with side brushes (mm) 650 Maximum Surface Performance (m2/h) 1800 Case/Frame Plastic/Plastic Mud Tank (l) 16 Recommended for Surfaces from (m2) 40 Weight, Ready to Use (kg) 9.7 Weight with included packaging. (kg) 10.8 Dimensions (x. x.). (mm) 690 x 670 x 930 Number of side brushes, 2 units ergonomic thrust handle Two-ear height adjustable thrust handle Position Dirt tank that holds alone sidewalks, streets, patio entrances and garages, as well as roads and surfaces around the entire house. Recommended for surfaces from 40 m2. Keeping a portfolio of basic tools such as karcher s 650 cleaner, karcher sweeping or sweeping carcer at home is something we do without too much attention though if we want to perform small or large tasks such as building furniture or just hanging photos we need them and they have a great application for us. Home owners for the first time can take or take the tools of a friend and, from time to time, becomes apparent when the tools have suffered a lot of abuse because we have them and may be worse for the task. Usually, if the use of a DIY living tool becomes a hobby or starts to have disproportionate use within a short period, then it may be time to invest in one that endures over time. You will find what you are looking for in our large range of karcher s 650 sweeping items. Whether you are a contractor with your own staff or an individual trader, you will notice that when it comes to your technical requirements, we have everything. The hand-held Sweeper S 750 has a dirty 32-litre tank and a useful width of 700 mm. Perfect for all surfaces from 60 m2. With adjustable contact pressure of the side brush. With a useful width of 700 mm, the S 750 sweeps five times faster than the broom. This not only saves time, but also protects your back! The over engulfed mud will stop directly on the tank for large dirt sizes, with a capacity of 32 liters. The powerful cylindrical s 750 brush and side brush provide exceptional cleaning results on exterior surfaces from 60 m2. Extra-long side brush bristles also provide deep cleaning around the edges. To do this, you can optimally adapt the contact pressure of the folding side brush to 343.46 Offer!! Buy ADAPTABLE PART - BARREDORA - Working width (see): 97. 339 L.
