Xiaomi has confirmed that some of the existing Mi TVs will receive a new software update this year that will bring Android TV 9.0 as well as Netflix and Amazon Prime Video APP on board. The update will be rolled out for Mi TV 4A/4A Pro/4C/4 Pro for now. Netflix doesn't work on my MITV? it was a question from one of our readers Don't worry, we are here to solve your problems: Solution 1: Download Netflix from Google Play on Xiaomi Mi TV Turn on your Xiaomi Mi TV. Open Google Play. Take to Netflix at the search bar. Click set in the tell-you box. Once Netflix is installed, click Open. If the Netflix app is not visible to you in the Google Play Store, or the Play Store says: The app is not compatible with your device. Then try the second method. Solution 2: Install Netflix using a USB flash driver on Xiaomi Mi TV Down to download Netflix APK on a tablet or computer. Transfer the APK file to a usb flash driver. Then go to Settings. Enter security and restrictions. Activate unknown sources. Once the above process has been completed, connect the flash driver to the Xiaomi Mi TV. Note: Before installing the Netflix app, make sure you remove the older version of the Netflix APP if you install. After connecting the flash driver, you will see a quick box and click the Open button. If it's a dosen't pop-up, you can come to Moere and go to Media Play. In Media Play, you'll see your Netflix file just download. Open the Netflix APK file and click the installation button. Now Nerflix is set to be successful. How to watch Netflix in your Xiaomi smart TV, you can still watch Netflix. How do you do that? Give it a shot! Please make sure you are satisfied with all the prerequisites mentioned below. This will allow you to watch Netflix on MI TV smoothly. You have an Android mobile phone or tab with you. Make sure the energy saving mode is off on your Android device. The microphone is included in Google Play services. Play. Sure that your android device and MI TV are connected to the same WiFi network. If all these four points are verified, then you can easily begin implementing the steps to watch Netflix on MI TV. These steps are below. Download and install Google Home on your Android device. Once you've installed Google Home, open the app and go through the master's initial setup, giving you access to the location and all these things. Now go to the Account section in the bottom right corner. Click on the Mirror option. Now click on cast SCREEN/AUDIO and select MI TV. Open Netflix on your Android device.
