lights showing on the dash when you start the engine or not....) Sun Sep 07, 2014 11:20am quote More than likely it will be like most other scooters piaggio as far as the lights are when you turn the key. The 50 owner's guide should be the same and it wouldn't surprise me if they use one guide for both moves. The Scarabeo 100 uses the same engine if it helps. Sun Sep 07, 2014

out what the lights mean and how they work. I needed to know the valve gap setting, and lubricating the amount, etc., but those will be in the workshop guide that khaosaming bound me. The dashboard display has 4 lights in this order.... Green - the icon shows the indicators symbol red - THIS ONE BLANK - NO SYMBOL - but doesn't seem to light up ever blue - the icon shows
the headlights of the main symbol beam yellow - the icon shows the fuel pump symbol - so low light fuel I'm guessing that the red light might have the pressure of oil or low oil warning light red acording to my Heinz guide, but it doesn't indicate zip 100, your lightning liquid cools?
