It may contain advertising. Super Mario Run is one of Nintendo's newest and best Android games. If you want to enjoy the magic of Mario on your phone (without having to buy a switch or an old console), Super Mario run the way forward! Unlike classic Mario games, it's much easier to play as you only need to press with one finger as your character continues to work in one direction. There's nothing to worry about but focusing on tracks! Each level was uniquely created by a team over nintendo, designed to create that iconic Mario feel on a platform you can put in your pocket. Expect the same music, classic level design, and challenging puzzle platform as you find elsewhere. With over 1.5 million downloads in store, this game has all Nintendo fans to enjoy, and more! How does Super Mario Run work? You don't need a fancy controller for your Android phone for Super Mario Run to work well on your mobile phone. Using a game mechanic known as Endless Run, which is a bit like Temple Run, Super Mario Run requires only one finger to play. As you run you need to pull off a lot of well-time tricks, from somersaults to the air back. These skills are what separate the noob from the professional player in Super Mario Run! The various game modes available there are four modes available in Super Mario Run: Toad Rally, Remix 10, Kingdom Builder and World Tour. Try it all before you buy the full version of the game or download this Super Mario Run APK mod. Four different game modes keep the game fresh as you play and unlock new levels, although the goal is almost always the same. Save the princess from Bowser's evil claws! First mode: World Tour World Tour is an introduction to Super Mario Run. There are 24 different action-packed courses that gives you a great idea of how the game works and also prepares you for more challenging levels later on. This is classic Mario gameplay - you can collect 3 types of colored coins by competing with friends in the leaderboard, and these courses are available for free. Remix 10 is a Mario course designed for mobile gaming. As? They're a lot shorter than usual. This means that players can pick up and go even if they only have a few minutes to spare. There are 10 short courses that you race through one after another, competing with friends and on the global leaderboard. Is there something you need to blow your way through these levels? They change every time, so be vigilant. Toad Rally Toad Rally is a challenge to the Super Mario Run mode. This is where you really get to flex your Mario style by shooting trick moves, collecting coins, and acing your personal best time. There's a huge crowd of toads and your success depends on how happy they are with Performance. Is there what it takes to impress them all? Kingdom Builder is a bit like a paper Mario Maker, Kingdom Builder lets you build your own courses. There are 100 different items in the mode and you can create completely custom levels for you and your friends. As you impress more toads (in toads rally) you will unlock new pieces of kit for your level of design, whether it's functional blocks or colorful decorations. Download Super Mario Run APK - The latest version of Super Mario Run is another master piece of work from Niantic Inc. after they bring Pokemon Go to us, it should be the most anticipated mobile game at the end of 2016. Super Mario Run is scheduled to be released in December next month. All Mario fans will be watching out for this big day. Download Super Mario Run Android Mobile Game 2016 on the APKPure Store. A new kind of Mario game that you can play with one hand. Finally, Mario jumps into a new adventure on both Android and iOS, this time delightful, using only one hand. Even if this is your first Mario game, you won't be able to put it down! In this game, you constantly move forward through the courses using different jumps to navigate. Your character will behave differently depending on the time of your taps, so it's up to you to show particularly smooth moves, collect coins, and reach your goal. Super Mario Run offers three different game modes: - The first mode has challenging courses for you to complete. - In the second mode, you challenge other people's game data in completed courses. You compete to see who can finish the course with the most style! - In the third mode, you can create your own Mushroom Kingdom using coins collected by playing the first two modes of the game. In the super Mario Run game, Mario is constantly moving forward through the courses while you use different jumps to navigate. Mario will behave differently depending on the time of your taps, so it's up to you to show especially smooth moves, collect coins, and reach your goal. Data charges can apply.
