It is important that we keep the original books and teachings of Srila Prabhupada for the future as ISKCON and BBT have no interest in preserving these books. They are constantly publishing new and revised editions of Prabhupada's books, so gradually, over time, books published by ISKCON and BBT will no longer bear any resemblance to the books originally published by Srila Prabhupada. Already a revised and expanded edition of Bhagavad Gita How is BBT now publishing and ISKCON is a spread significantly different from the original Geeta Prabhupada in many very significant ways, and their policy is to change it more and more every time they reprint it... To better understand the changes that the Bhaktivedanta Book Trust make to Srila Prabhupada's books that are distributed by ISKCON, please read the articles on: you can

purchase the original Bhagavad Geeta Prabhupada as it is his other original book on: Chant Chant Of Krishna and be happy! Madhudvisa dasa Srīmad-Bhāgavatam 2.1 Original cover After you could find copies of the original editions of Srīla Prabhupada in Srīmad-Bhāgavatams in used bookstores and on the book's websites, but now the original editions of Srīmad-Bhāgavatam has become very difficult to find anywhere. There is therefore an urgent need to preserve these valuable books for future generations. We see BBT make thousands of unauthorized changes to so many of Srīla Prabhupada's books in this way, completely destroying the credibility of the books. Srīla Srīmad-Bhāgavatam has remained relatively free of such changes for years, but now, with the release of the BBT Folio 2012 edition, we see BBT has now produced a new and updated version of Srīla Prabhupada's Srīmad-Bhāgavatam complete with thousands of unauthorized changes and what BBT to consider are improvements... Now they even change the words of Prabhupada in Folio to what they thought Prabhupada had to say... BBT are determined to change Prabhupada's books. They have not heard any outrage from devotees over their unauthorized changes in Bhagavad Gita, Krsna Book and Sri Keitanya-caritamra. They did not rely on their mistakes, on the contrary, according to one of the editors of BBT in recent years they gave us a new, improved, revised edition of The Nectar Srīla Prabhupada instructions, for birth and death and yoga perfection, and now they also have a new version of Srīmad-Bhāgavatam. I don't know if they actually printed this new unauthorized edition of Srīmad-Bhāgavatam, but it included the 2012 release of Folio Infobase. It is very important that we at least preserve the original teachings of Srīla Prabhupada for future generations so that the followers of Srīla Prabhupada we all need to take this responsibility very seriously. At the very least, we cannot but pass on the tact and unchanging original teachings of Srīla Prabhupada to future generations. This is the least we can do for Srīla Prabhupada. Below you will find links to PDF files containing actual scans of the original editions of Srīla Prabhupada Srīmad-Bhāgavatam. One of the most famous literature in the world, it is often considered the essence of all wisdom. This is a conversation between Arjuna and God Krishna. All knowledge about space is packed in Geeta. In a supremely insightful but articulate in the revelations of the language of solacing beauty and simplicity, Geeta has been understood and applied at all levels of human activity and spiritual aspiration- harboring a wide range of human beings with their disparate characters and needs. Wherever a person is on his way back to God, Geeta will shed her light on this segment of the journey. Arjuna worries about joining the battle and destroying his own family, so Krishna begins by explaining five reasons why Arjuna doesn't have to worry about it. In essence, Krishna shows Arjuna why he will not get bad karma from participating in the war.
