Andro-Mod » Games » Mod » Buddy Toss (MOD, Unlimited Money) Buddy Toss – a humorous arcade game that invites you to be part of the new competitions taking place at the fictional Olympic Stadium. Developers from CurryGames suggest that he become a champion among pitchers of completely unusual shells - foreign bodies! There is no need to prepare before the throw - the selected athlete determines the strength and direction in automatic mode. It is much more important to understand the mechanics of re-meta. If the body of the subject lands, then it is time to adjust the additional acceleration and observe the result. In the future, Buddy Toss will offer to perform a series of updates and buy some power-ups to fight for the title. Buddy Toss - is a fun arcade game that has elaborate physics as well as addictive gameplay. I'm going to have to start throwing people at a certain point. That's what bombs and trampolines are for. To send the hero to the destination, you will need to place the explosive under it as well as calculate the flight path. The game together contains more than fifty different characters. But not all are available at first, so they will have to be unlocked during the process. You can customize all the characters by buying new clothing items for them. The controls are simple and clear, so it is easy to interact with the game. Screenshots Ganre: casual Version: 1.3.5 Developer: CurryGames Requirements: Android 4.0.3+ Update Date: 16.10.2020 Release date: 03.03.2019 Estimated for: 7+ years Buddy Toss game (hacked mod) – arcade project with infinite gameplay and a significant number of characters. There is no time to think because the key to success in this game is accurate and quick tap on the screen. As in Clicker Super Toss The Turtle, you need to click to run the character page. In our case, it's going to be a shitty guy who's always throwing up with a bully. The more accurate your click, the higher the results and thus the performance of the game. And so in order to succeed, you should bump the guy high up, and when it's almost in your hands, you need to click again. At first glance, it seems that you can't come up with a more straightforward task, but gradually the bloated man gets tired, and the throw can be a failure. After you save the requested amount, you can improve some features or even open a new gaming character that will be much stronger. Despite the static character, the app is smowed with vivid images, hilarious take-offs from heroes and inside the games store. There are also many locations and quite convenient control, which allows even the youngest gamers to master the gameplay. Download the breathed version of Buddy Toss on Android and get a nice bonus. Mod a lot of money will be open to you endless resources to upgrade the acquisition of new heroes and chips. Features:elegant graphics and beautiful animation;character purchase and adjustment system;world ranking system;can be controlled with one finger;game at reaction speed. Buddy Toss MOD APK (VIP, Unlimited Stars) is ready to download. This game helps you travel to space in a way that can't be more unique. Table of ContentsNa extremely funny and interesting game by publisher CurryGames. Currently, games that use physical rules are becoming more popular. Angry Birds is clear evidence of this. Today's game, which we present to you, has a very special mechanism. If you feel bored with high-quality graphics games like PUBG Mobile, you can change your feeling with this funny game. Simply playing It's possible to say that Buddy Toss is playstyle encapsulated in two words of a timely touch. After the first touch, your character is dragged into the air by a muscular dog or some wrestler I haven't found yet. When you fall down, keep touching the screen so that the muscle dog continues to throw you in the air. Keep repeating this, the next pitch will be higher than the previous throw, and you'll get more points. It sounds stupid, but this is a game my father did when I was a little kid. Of course, I can't fly as high as i do in the game. But the truth is, we had a very good time. Have you ever been like this? Flying into spaceBuddy Toss defeats all the laws of physics that we know or don't know. Not only does it fly high, but you can fly as high as a 30- super-superlapping building and even fly into space, exceeding the law of universal gravity. Explore the solar system, galactica, flaked black holes, stars, search for Jedi, ... without the need of a spaceship. All it takes is a muscular man with a strange hobby to blow others up. But be careful! Just the wrong touch, the main character of the game will fall straight to the ground from a distance of 10 million light years. Upgrade signs The upgrade option you can perform in Buddy Toss is a character upgrade. After the upgrade, your character can fly higher after each throw. How do you do that? After each game, the game will reward you with the number of stars. Use this star number to upgrade your character in the Store.In addition, you can buy costumes and accessories for characters such as clothing, hair, glasses, shoes, ... There are 51 costumes and 32 accessories famous characters like Darth Vader, Jedi, Spiderman, Batman, ... DesignIn terms of graphics, Buddy Toss is designed in a rather funny cartoon style, bright colors. How they simulate everything can make you laugh. When you fly into space, you can feel like Ant-Man is in a quantum world where there are many abstract images and colors. Besides, the scream of the characters when they fall is so funny. MOD APK version of Buddy TossMOD FeaturesNead stars: In addition to the goal to reach new heights, many players want to have beautiful skin. However, the cost of buying skin is relatively expensive. If you want more stars, you have to play a lot and watch a lot of ads. To save time, you can consider downloading Buddy Toss MOD APK. The game gives you a lot of stars right after the start of the game. To download the mod version, you need to remove the version from Google Play earlier. VIP Unlocked: Ads don't bother you anymore. If you've used star mod versions, watch the video ads to get the stars right away. Download Buddy Toss MOD APK for AndroidV general, Buddy Toss MOD APK is a fun, simple and absolutely free game. Buddy Toss is a simple and easy to play mobile game by curryGames developers in a fun and unique way. In the game, you'll play a muscular hero who has a strange interest in throwing his Buddy in the air, even from the galaxy. Buddy Toss Mod APK download for AndroidThen sounds silly, but Buddy Toss is really fun and brings you relaxing moments after stressful hours. Don't forget to visit our blog to update the latest version of Buddy Toss on Android. Here's everything you need to know about this exciting game. How to play Buddy Toss is easy and funny. In the game, players just touch the screen to throw their friend up as high as possible. The new throw is higher than the previous throw. When your friend falls, you have to make the next pitch at the right time. Otherwise, the friend will fall to the ground and the game ends. If you are unhappy that your friend falls to the ground, you have another option to watch the promotional video that the game suggests for you. This will help you play the game without having to start playing again. Buddy's going to be blowing up thousands of feet away. Before that we introduced some excellent Endless Runner games that you should try: Alto's Odyssey and Super Mario Run.Upgrade sign Hit is calculated by the maximum number of recorded gauges. After each turn, you will receive some stars, which corresponds to your achievement. You can use these stars to upgrade your character or purchase a new character from the Store. After each game, you can watch ads for a while. This can give you more stars than usual. Character upgrades help you make stronger and higher throws. It's also the only upgrade to this game you have to worry about. If you have enough stars, you can buy a new character that will have more clothes, as well as more power. The more challenging, the more fun if you feel that the number of stars you've earned in main playback mode is too small, you can try to play in Stories mode. In this mode, players will be included in a specific story. Currently, there is only a buddy thief theme for players to choose from. In Buddy Tate, two thieves steal in a tall building. A big thief throws another one in the air and crosses buildings. The thief's job is to steal all the furniture on every floor of the apartment. The game is quite similar to the main mode of play, but it is an added feature of the theft. You can do this by touching the screen when a smaller thief flies over something. The end result is calculated by the maximum number of floors you have reached. The more you steal, the more rewards you get. GraphicBuddy Toss uses funny graphics in a cartoon style that brings fun and laughter to players. Creating characters in the game is also minimalist to the simplest. There's no bloody or brilliant effect when Buddy falls to the ground. Thus, the game is completely nonviolent and suitable for all ages. The fun and shouting of a throwable friend also creates an exciting and bringing laughter to the player. What more in Buddy Toss Mod Money? Buddy Toss has a simple gameplay that is suitable for everyone. All you have to do in the game is touch the screen to make throws like a real athlete. Don't forget to collect stars to upgrade your character! The current game is always in Top Editor Choice in the Play Store. Although it is an easy game, Buddy Toss still has some requirements that your device must meet: Android runs at least 4.4, 100M free memory and 1GB of RAM or more. We hope you have a relaxing moment with this game. ConclusionBuddy Toss is a fun free game. However, you may encounter a lot of in-game ads. If you feel it bothers you, you can pay a small amount of money to completely eliminate them or use the Buddy Toss Mod APK that we provide. Buddy Toss attracts players by simplicity in how to play, but brings great joy. You won't have to stare at your phone screen during the game. Just throw your friend the moment he falls down. The game also involves comparing results with players around the world or sharing record results on social media easily. If you have about the game, please leave a comment below. Below.
