After pokemon versions of Pokemon Ruby, Sapphire and Emerald are successful, Nintendo and GameFreaks have released Leaf Green and Fire Red, a remake of Pokemon Green and Pokemon Red previous on classic Gameboy devices. Table contentsGameboy Advance - although the system belongs to the past is still a memorable game, usually Pokemon, Megaman Battle Network, Mario ... Pokemon Fire Red has a great storyline that begins with a young trainer on the Kanto continent, raising dreams, ambitions to become a great Pokemon trainer. However, a mysterious criminal organization known as Team Rocket has emerged with ambitions of acquiring an entire continent with armed forces that are the fighting force of Pokemon. And so our hero has to the task of rescuing the entire area by teaching himself and defeating 8 GYM's department heads to achieve prestigious badges to prove their abilities. As well as strengthening the force to destroy the shadow of team Rocket. By turns, the battles will help you explore the huge Pokemon WorldStill based on the detection mechanism - the traditional in turn battle series, Pokemon Fire Red gives players a battle between tough and engaging Pokemon. Each win will give you the amount of experience you need to level up, and help the animals develop into stronger Pokemon. Players can also catch a lot of new Pokemon during the opening of Kanto. Pokemon returns with a new lookS beautifully rebuilt and bright graphic background, the game scenes appear pretty harmoniously, especially compared to the original Pokemon Green and red black and white. The soundtrack is a bit low, but it's hard to demand much for a game that's released for consoles. Download Pokemon Fire Red GBA RomToday, although consoles are no longer popular as they were a few decades ago, games such as Pokemon Fire Red are still noticed by many players. By demonstrating that with console emulators, players can still play Pokemon Fire Red on various platforms such as PC/Mac, Android and iOS...
