The Opposite and Rhyme Gameboard Opposites for Young Students: A collection of sheets and activities aimed at young learners. Opposites for young students opposite the card game: a card game that can be used to teach antonyms. Opposite card games are the Big Opposite Flash Cards: a collection of large flash cards that can be used to teach common antonyms. The Big Opposite / Antonim Flash Cards opposite the concentration of the game: Print the cards and insert them on hard cardboard support. Cut the cards. To play the game, you just spread the cards face down on the table. One student flips the card. As soon as they flip the card, they have to say the opposite. Then they flip the other card, and if they find the opposite, they take both cards and get one point. Example: A student flips the 'attack' card. Student says: Defense is the opposite of attack. The student flips another card. If the second card is protected, the student gets one point. If the other card is something else, the student flips the cards again. Card Sheet 1 Card Sheet 2 Card Sheet 3 Card Sheet 4 Card Sheet 5 Card Sheet 6 Card Sheet 7 Card Sheet 8 Conversation Idea: Most The opposite in this section is pretty clear: Up is the opposite down and the north is the opposite of the south. But what about the more ambiguous opposites. What is the opposite of red? What is the opposite of grass? What is the opposite of inventing? Who cares what the answer is as long as it generates conversation and thinking. Make a list of ambiguous opposites and students have come up with opposites and reasons why students think they are opposites. Similia Rhymes Alliteration Metaphors Exaggeration Table Synonyms chemistry project file for class 12. chemistry project file decoration. chemistry project file for class 12 on drugs and medicines. chemistry project file design. chemistry project file topics for class 11. chemistry project file topics for class 12. chemistry project file front page design. chemistry project file for class 12 on proteins
