MakeupPlus APK is a virtual makeup kit to decorate your face. Makeup Plus Camera adds to your charm with the help of makeup ingredients like lipsticks, mascara, eyeliner, lip gloss, blusher, foundation and more, all in a simple and simple makeup plus app. Not only that, Makeup Plus also offers dazzling hair colors and accessories to match its unique style. Makeup Plus for Android was developed by Meitu Incorporations in consultation with top-notch industry make-up artists along with renowned photographers to carve out the best piece of beauty in you. Makeup Plus' Makeup Editor gives a new vision to make up yourself with the most loved look ever, having fun with eye-catching makeup tools. Whether it's toning your facial skin or sharpening your facial features, it's all just a touch away with makeup plus. MakeupPlus APK is absolutely free, however many other beauty brand products can be unlocked through in-app purchases. Look at yourself through the eyes of a legendary make-up artist such as Bretman Rock, Lisa Eldridge, Angel Merino and the like. Get help with suggested looks like Bella to look sweet or go a little playful with Brazen or just hot with Porcelain. You can also show your own creative view in the Touch-Up section. Once you're ready, Makeup Plus lets you share it on Facebook, Instagram and Twitter as apps. MakeupPlus APK App Title: MakeupPlus APK Version: v4.4.05 Developer: Meitu, Inc. Supported Version: Android 4.0.3 Last Update: November 17, 2018 Latest version of Makeup Plus APK Download 4.4.05, which is compatible with Android Ice Cream Sandwich OS 4.0.3 and up. Over the old version of the Makeup Plus download, the new version has shown many new improvements to the Touch-Up feature, introduce additional categories in the Counter section and update the user experience with unique 3D styles. In order to run it without problems, the app requires a significant space of 61MB on any compatible Android phone. The latest MakeupPlus APK File Information App MakeupPlus APK App Size 61MB Total downloads 1,000,000 Supported version of Android 4.0.3 App Developer Meitu, Inc. Last updated November 17, 2018 Makeup Plus App Features Preview of Your Appearance. Get useful makeup tips. AR (augmented reality) for makeup selfies in real time. Wear colorful contact lenses. Different accessories such as sunglasses, caps, etc. change your hair color. Touch your natural features. A group selfie photo editor with multiple facial recognition abilities. Share through social media. Screenshots of MakeupPlus makeup camera Makeup Plus is very different from the classic Android photo editor apps. It is primarily designed to adorn facial features. With a diverse mix of makeup features and related accessories, Makeup Plus APK takes responsibility for transforming your appearance by adding and stunning effects as discussed. Makeup Plus Camera forms a good choice to experiment with different looks and determine the perfect signature look. This is one of the trusted sources to get the File Plus APK in an instant unlike other web pages such as Uptodown, APK Mirror, APKpure or others like Appvn. If you find something missing from the app, you can leave your makeup Plus App review as suggestions for developers. Until then, wear whatever look you like with the one and only makeup Plus! 5 Android has several tools for users who want to make a few changes to their photos, but there is nothing all that serious. With Meitu, users have much more room to change and improve photos.
