The attack began, and the superheroes came together to defend the Earth, commanding their superheroes in the strongest team, including Spider-Man, Doctor Strange, Groot, Rocket Raccoon, Curls, Venom, Elektra, Captain America and Iron Man. Get ready to save the earth! Strategic gameplayV the game you will play the role of the supreme commander. Your task is to select superheroes participating in continuous missions to investigate mysterious attacks. You can create a team of five superheroes at the same time, each of which has its own strengths and skills. The game builds a fighting system in turn, which means that you will not only have to possess a mighty superhero, but also have the right strategy throughout the battle. Each superhero will have the skills and you have to coordinate them with the most sensible. When attacking, each superhero will use his skills to attack the designated enemy, combined with the team to be able to win. Summon the strongest superheroesMarvel Strike Force - is an exciting role-playing game, typed by various superhero systems from the Marvel universe. You can create a force of up to 70 different characters, with the creature's name revealed. These superheroes in particular have connections with each other, as they are on the same team, creating powerful effects that will help you throughout the battle. Every superhero in the game has to collect many different types of equipment to thrive and they have 3 to 4 unique abilities of their own. When you upgrade your skills, the new abilities will unlock and reveal new tactical options. For example, Daredevil can attack only one target in turn, but can grow to produce multiple targets with multiple enemies in one turn. This will help expand the tactics you can use when updating your superhero.
