Help with Miserak Donovan 8' Slatron Pool Assembly Table Previously AfghanBilliards Help with Miserak Donovan 8' Slatron Pool Assembly Table - 04-26-2011, 01:52 AM A.B.A., I'm seraching for any kind of help or instructions to assemble this table. Our MWR here just took us two brand new ones and I'm the only one here with something resembling knowledge about the pool or tables. Although my knowledge is not so extensive. I'm trying to find the instructions for the build, I'm sure I can figure it out, however, I want to make sure I'm doing the right thing and not end up with the extra parts at the end. Any help would be very appreciated. Thank you. Karl almost every high run pro in the world is less than rumored, including mine.
