To help replenish and restore skin balance, use our healing and soothing mask the next day. If the food gets into the eyes, rinse well with water. ProductItem.productma Item.name, clarify overloaded, distressed skin. Our powerful mask is formulated with sulfur, kaolin and other natural minerals to help dry breakouts and absorb pores clogging impurities from the skin. Excess shine is eliminated as Kalamín and Cucumber Extract provide a cooling, refreshing boost that makes this mask incredibly effective in targeting problem areas. #MBSKINTIP: Apply a few drops of our BUFFERING LOTION to the affected areas under the drying mask to create more intensive treatment of problem skin. After 15-20 minutes, remove the mask and rinse well. Follow with the toner and re-apply a few drops of our Buffering Lotion to the affected areas. You can use a drying mask on your body, too. Apply it to hot spots on your back and chest (just like you would when using it on your face). How to use: Apply a thin layer to clean skin, avoiding the eye area. Wait 20 minutes and rinse with cool water. It can be used 2-3 times a week throughout the face or on problem areas only including the back and chest. Beauty tip: For acne flared skin apply Buffering Lotion before and after the mask. For the most balanced mode alternate with healing Soothing mask in different nights.
