Below are links to our Year 7 Entrance Exam past works. We do not publish entry documents to other age groups. We understand that passing entrance exams is a challenge, and it is important to say that our documents are designed to challenge the mind of any child (and parent) who tortures them. However, as a rough guide, if your son scored 50% or more he is on track to achieve MGS entry criteria; The exercise just gives us a great idea of how boys respond to a range of issues under pressure. For more information about our evaluation procedures, click on the relevant link on the left. NOTE NOTE: The examination documents are the copyright of Manchester Grammar School and are freely available only for personal training by MGS candidates. We do not provide answers to the understanding of English, as each boy will express the answer in his own words, and every answer that the boy makes is considered by markers on the merits. The question-and-answer schemes are structured so that boys should determine the number of different responses required and encourage them to make those answers as detailed as possible. Help us spread the word about our free S1 and S2 test documents course focuses on the development of reading through detailed study of relevant texts, involving students in taking notes and planning and writing critical essays. Shorter texts also to improve close reading skills in preparation for standardized testing and national qualification courses. Creative Creative and functional writing skills are developed in the classroom and through homework. At the heart of success in this area is the need for technical precision. Students are also given the opportunity to have a group discussion and a solo performance. Private reading is particularly encouraged as a means of building trust and independence of thought. Page 2 of the National 4 National 4 course aims to develop understanding and competence in four basic skills in English: reading, writing, listening and speaking. By studying artistic and non-fiction texts, students will acquire extensive skills in understanding, evaluation, comparison and analysis. All work is evaluated internally. The National 5 National 5 Literature Course is focused, with a specific element of the course focused on the great works of Scottish writers. Students will study a variety of artistic and non-fiction texts to develop their analytical skills as well as appreciation for literature. Students will also acquire extensive skills in understanding, evaluation, comparison and analysis. They carefully study the texts, referring to the materials they had studied before. Students develop their ability to express themselves in a sophisticated way in various forms.
