Nowadays, when smartphone games are becoming popular, everything is personalized. You can play cooking games freely without affecting anyone, so games like Cooking Fever are loaded by many people on your device. It has reached more than 100 million downloads. Download now on Google Play and excellent reviews. Players can be of all ages from children to the elderly who can enjoy it. In addition, Cooking Fever is designed to be like a family game. In this way, parents can join their children to enjoy the game and strengthen their family's feelings. Cooking Fever is a popular game, so even now it continues to be regularly updated. Many new features have been added to attract players and provide revenue. He has only recently updated a new restaurant called Vegan Peak! Here players can find fresh organic Power. This is the last restaurant owned by the Alpine Resort service chain. You can also enjoy the many other services served there. Nutritious bulgarian peppers, corn cobs and grilled eggplant along with premium salads will certainly make their guests very very Satisfied. Dishes are always served and quickly go out in the style of serving European standards. Graphics While a viral game, Cooking Fever is developed in 2D format. However, this is a good move for the manufacturer when this type of format is used by most games of the same genre, giving players a sense of familiarity. And it's a friendly match with a lot of different players. The unique thing here is that although character and landscape are usually designed, the food is very carefully cared for. Draw ingredients with an unusually fresh and always image design. As long as the process of processing and perfection does not become a dish, everything you see in front of you is very attractive. You can also say that every meal is designed with images based on the world's culinary masterpieces, whether it's just a fried fish dish or a hamburger. Gameplay In the game, play the role of a talented chef and have to fulfill his mission in 27 unique locations, from desserts and fast food to marine cuisine and oriental restaurant. Each place will be decorated in a separate theme and serve dishes on the subject. Customers will come to your order regularly. Then you get some money and experience based on the complexity of the food you serve. In addition to regular quests, the game will offer quests so that players can compete and receive valuable rewards. These items can help your gameplay later. However, players must still perform their duties well, but must serve more than 1,300 dishes to cook using 350 ingredients. It sounds like a lot, but if you're a true fan, he'll certainly be familiar with them. Now you're ready to download Cooking Fever for free.
