Download Guests can't ask for updates! DEAD TRIGGER - a legendary shooter, which takes place in a world that survived the zombie apocalypse. The user will take on the role of one of the survivors and will perform tasks to destroy the living dead. And will help him in this huge arsenal of weapons. One of the advantages of the project is the stunning 3D graphics with a lot of special effects, as well as convenient management, thanks to which to exterminate zombies becomes even more interesting. The game will tighten any gamer with a variety of missions and cool action, so do not pass by it. MADFINGER Games Android 4.1 version: 2.0.1 $0 DEAD TRIGGER (MOD, many rounds) - legendary zombie shooter in the first person who first saw the light of day back in 2012, but despite such impressive, by game standards, the age of the game and today is one of the best representatives of the genre. And so, you are waiting for dynamic battles against hordes of walking dead, while the fights unfold at local levels, each of which will perform different tasks. In addition, the gameplay alternates with the performance of story missions on more impressive locations. A huge arsenal of weapons, armor and other equipment will allow you to pick up at each level the optimal tactics of passing. The gamers are presented with one of the best donata action in the first person. Gorgeous 3D graphics and wonderful gameplay. The video game has three-tiered capabilities, one of which is survival, the second is defense, and the third is the extermination of the necessary number of rotting zombies gamers will get a weak weapon set. During the passage of stages it is possible to buy more powerful weapons, to set various traps, to buy installations for fixing machine guns, laser assault rifles, grenades and other things. Dead Trigger (MOD, Free Purchases/Without Reloading) - In this game you will come face to face with your real fears, take into your hands the weapons and even more powerful and begin to exterminate hordes of zombies on its way, the game a huge variety of tasks that will appeal to you. Complete missions and earn money, for which you can buy the most powerful weapons, beautiful graphics and excellent physics complement the game. Obb for the game Dead Trigger v2.0.1 (MOD, Free Purchases/Without Recharge) unpack from archive /sdcard/Android/obb/ Dead Trigger - a new action shooter about zombies on Android, from the familiar to us creators of the game SHADOWGUN! Dynamic gameplay with beautiful special effects of shooting, explosions, massacres with zombies and fills your body with adrenaline. Playing as the main character, perform missions and exterminate zombies on your way. To do this in the arsenal of your hero a lot of different weapons, you will buy it on earned coins for the destruction of zombies. Prediction: The existence of a modern civilization is coming to an end in 2012, money has lost value as the global economy has collapsed. In a panic, people began to organize rallies, storm government buildings and lynchings However, those who really were the rulers of the world, a secret group of people, were ready for such a turn of events and released a terrible virus, most people died, and others turned into eternally hungry zombies! The remaining small group of people can only defend themselves and find the culprits of this atrocity. Dead trigger: zenith and zenith - zenith - in 2012, modern civilization is coming to an end. The world economy has been destroyed, money has lost its value. People rebelled against ignorant politicians who were just pouring their pockets - and spared none of them. However, those who really ruled the world were ready and escaped. Suddenly, billions of people died of a strange virus, while others turned into meat beasts with only one thought: DO! WHAT new new rank features with a new maximum player rating has increased to 60Earn daily and rank rewardsAll weapons are now becoming more powerful with a fourth level increase.
